

# Chapter: 1806

what!

Huo Dongying's expression is green, does he have a new rival?

And it turned out to be a waste?

Wang Zhijun snatched the mobile phone from his aunt Wang Yanli and sneered at Huo Dongying on the other side of the phone.

“Huo Dongying, my cousin feels embarrassed for you. What's wrong with you? I want to pursue my cousin Xu Yourong, but I withdrew when I encountered some setbacks. Wait, the waste is now firmly in place. Take control of Xu Yourong.”

Huo Dongying asked anxiously: “Cousin, what's the matter? Isn't your sister Xu Yourong always single before? Why is someone pursuing it all of a sudden?”

“What's going on? Ho ho, how do I know?” Wang Zhijun sneered.

“Anyway, with regard to today's matter, Lin Fan's trash has made the limelight. Now the entire Xu family is grateful to him. Do you think about the amount of financial and material resources you paid for the Xu family?”

“Fuck,” Huo Dongying scolded on the other side of the phone, “I have only been able to make an appointment for a day or two, so I let it go. Cousin, don't worry, I, Huo Dongying, will never give up halfway, I will definitely catch Yourong.!”

He can't beat Lin Fan, can't he beat others?

He wanted to see, in the imperial capital, who would dare to grab a woman from Huo Dongying!

Wang Zhijun saw that Huo Dongying was agitated by him, and he couldn't help but cheer, and said with jealousy.

“Oh, I just couldn't stand it anymore. My cousin Xu Yourong hugged the trash in front of our Xu family. I think they are really getting tired and crooked.”

Huo Dongying was instantly jealous. If, according to Wang Zhijun's statement, the two continue to develop like this, it won't take long for Lin Fan to completely occupy all of Xu Yourong.

Then he tried so hard to pursue Xu Yourong, didn't he want to fight?!

“Damn, if he is willing to retreat, if he dares to refuse, I will let the trash die!” Huo Dongying cursed, “Cousin, is that savage man still with the old lady?”

Wang Zhijun knew that Huo Dongying could not contain his anger, but continued to ask knowingly.

“The Xu family's favor they were so easy to ask for, of course it's still here? Why, Feng, you want to come and join in for the fun?”

Huo Dongying sneered and replied:

“Join the heat? Let's get rid of that waste!”

“Brother, you have to calm down, Lin Fan still has some tricks for trash, I'm afraid you are not his opponent by yourself.”

Wang Zhijun continued to sneer.

Huo Dongying cursed fiercely: “Damn, this young master has money, so I don't need to do anything personally. I will find a few people to go with me. Today, I have to kill the waste!”

Hanging up, Wang Zhijun handed the phone back to Wang Yanli and said with a smile.

“Aunt, we don't need to be angry with Lin Fan's trash. If that guy can see the sun tomorrow, he will be fatal.”

Wang Yanli heard that Huo Dongying was looking for someone to get rid of Lin Fan, but she was still afraid of getting into trouble, she said worriedly:

“Do you really want to kill Lin Fan's trash? Will this cause trouble...?”

Wang Youcai sneered and said with relief: Yanli, what's wrong with you? Have you forgotten how Lin Fan's trash humiliated you? Now someone settles for you, why are you still worrying about it? ”

Wang Zhijun squeezed his eyes: “Auntie, even if Lin Fan's trash is really killed and killed, it has nothing to do with us. The police investigated the case and finally found someone else's head. We were not affected at all.”

Taking advantage of Huo Dongying's jealousy towards Lin Fan, this trick is Wang Zhijun's “killing with a knife.”

He had planned it a long time ago, Lin Fan, didn't you let my father kowtow to you? I will find someone to take care of you!
