

# Chapter: 1814

Then, she glared at Baishan and others:

“Don’t think that I don’t know what you are thinking. You are just jealous of our family’s ability to marry well. That’s why you deliberately spoil it and make this trash trick me. I won’t let you do what you want!”

Hear the words!

Bai Shan and others shook their heads, helpless to the extreme.

And Xu Dexiang was also stomping his feet with anger. Regarding his wife’s temper, Xu Dexiang has not suffered less since he was young.

Wang Yanli had a pungent personality, and said that he was hitting him.

He was so angry that he pointed at Wang Yanli there, unable to speak a complete sentence.

“You...you just coaxed unreasonably!”

Wang Yanli rushed over, and she slapped her hand and she was about to hit:

“Hey, the old lady gave you a face, right? She said that I was unreasonably scammed, I was unreasonably scammed, what can you do!”

“I... I don’t care about you!”

Xu Dexiang stomped bitterly, turned around and walked to the sofa, sat down, sulking over there.

Lin Fan grinned and said to Xu Dexiang.

“Uncle, you don’t have to be angry with her. Old people at her age are indeed easy to get angry. After all, they have reached the age of menopause. I am a junior and will understand mom.”

The so-called menopausal syndrome should be Wang Yanli’s performance like this.

Lin Fanyan meant that Wang Yanli was menopausal mania.

He was also sympathizing with his father-in-law who had endured Wang Yanli’s abuse and violence for so many years.

Even if Wang Yanli has no culture, she can hear the difference.

“You damn trash, you mean my old lady is too old, right? You cursed me to die soon!”

With that, she raised her slap and rushed towards Lin Fan again.

Lin Fan looked at Wang Yanli who rushed forward coldly, and did not dodge.

“Hey, you are a dead waste, dare to stare at me!” Wang Yanli said angrily, “I, he beat you to death!”

She waved her hand and slammed it down, but when she was about to hit Lin Fan, she was grabbed by her wrist.

Wang Yanli turned her head to see that it was her daughter Xu Yourong, and scolded:

“Bad girl, let me go and see if I don’t kill him today!”

“Mom, you’re enough!” Xu Yourong’s eyes were tearful, and Wang Yanli’s hand was shaken angrily. “Lin Fan is so sorry for you? You humiliated and beat him every now and then. He can bear it. You are now Why is it still like this?”

“He didn’t offend you again, why do you have to be so aggressive?”

“Who said he offended me? Doesn’t it count for the two future sons-in-law who drove me away?”

Wang Yanli clenched her neck and said angrily:

“Why? I don’t count on this family now? I’m going to teach him a lesson so that he won’t dare to be nosy in the future!!”

“Lin Fan saved grandma, but you accuse him like this. Do you still have a little conscience? Do you want others to say that we are ungrateful?”

“That’s an elixir worth hundreds of millions of dollars. He gave it as soon as he said it. Don’t you feel bad about it?”

Xu Yourong questioned.

This hit Wang Yanli’s sore spot.

At the moment, Wang Yanli’s voice lowered a lot, shamelessly.

“He is the son-in-law of the Bai family. The Bai family owes our family’s life-saving grace. Isn’t it right to spend some money on us? What qualifications does he have to take credit for?”

Xu Yourong exclaimed angrily, “Aren’t you going to fight Lin Fan, then you should return the money for his medicine! If we clean up, you can fight him.”

Wang Yanli suddenly became angry and said:

“I just won’t pay it back, the medicine is not for me, it’s my shit!”

Xu Dexiang, who was sitting on the sofa by the side, couldn’t stand it, stood up and pointed his finger at his wife:

“Wang Yanli, you are still not a human being. You can say that?”
