

Chapter: 1816

It turns out that the visit of the Lin family last night was to instigate Huo Dongying to report to the law enforcement team that Lin Fan practiced medicine without a license and caused serious injuries.

I want Lin Fan to stay in the horn for three or five days, and these three or five days are enough for them to do a lot of things.

“A doctor is also worthy to fight the Lin family? I don’t know the Lin family is good, right? I will let you learn today.”

Lin Fan responded with a sneer: “What’s wrong with the Lin family? How long are their heads, or how long are their hands? Do you think you can ignore me if you approach them? Huo Dongying, I see Isn’t it you innocent?”

Zhao Liangyu patted Huo Dongying on the shoulder: “Master Huo, you come and tell him who I am.”

But Wang Yanli was completely stunned when Lin Fan dared to offend the Lin family. Did this kid eat the courage of the bear heart and leopard?

Right now, Wang Yanli laughed unkindly. This kid even dared to offend the Lin family. Isn’t it a dead end?

“Lin Fan, what are they going to do with you?” Xu Dexiang asked worriedly.

Lin Fan smiled ho ho, “It’s troublesome, they probably have enough to eat, so let’s deliberately come to find fault.”

Xu Yourong scolded Huo Dongying with fingers.

“Huo Dongying, I really missed you. You are a scum. After losing yesterday, you lied and made trouble again. In order to frame Lin Fan, I did not hesitate to collude with Lin Fan and plant Lin Fan!”

Huo Dongying smiled slightly: “Heaven and earth conscience, Yourong, I am deeply infatuated with you, and I do everything for your own good!”

Wang Yanli also helped persuade: “You Rong, you can’t blame Master Huo. He is rich and powerful, and he is sincere to you. Which point has lost Lin Fan’s rubbish? I think you should leave it alone and leave it to them. Take care of it.”

Xu Yourong turned her face to one side, she didn’t bother to take care of her mother at this time.

At this time, the law enforcement officers also urged arbitrarily.

“Don’t be fussy, Lin Fan, please follow us back to the bureau for investigation!”

Huo Dongying sneered on the side: “It’s not just the problem of illegal medical practice, but also the problem of hands-on hurting people. You are a trash, don’t want to lose it!”

“Why, do you regret it now? If you were a bad man who dared to provoke me at the beginning, you should have thought that there will be today. Let’s go, don’t go again, these two law enforcement officers will cooperate and take you away!”

Taking advantage of the influence of the Lin family in the imperial capital, Huo Dongying thought that cleaning up Lin Fan was not a trivial matter.

Xu Yourong stood in front of Lin Fan and sternly said to the police officer present.

“Don’t let you go crazy! Even if Lin Fan practises medicine without a license, he has saved the patient. Besides, we don’t have any profit-making behavior at all, it’s just a kind of help among friends.

Huo Dongying pouted to Wang Yanli and said:

“Auntie, you see that there is no such thing, and if she is so obsessed, I am afraid that no matter how much energy and emotion I put into it, it will be of no avail.”

Wang Yanli glared her eyes: “Xu Yourong, you get my old lady back!”

Xu Yourong said loudly: “No! Mom, why are you also taking revenge with En?”

“You dead girl, Lin Fan has a big deal with this waste stall, and you are still stuck with him, go back!” Wang Yanli scolded.

Then, she reached out and grabbed Xu Yourong’s arm, dragged it into the living room, and at the same time called Xu Dexiang who was standing by for help.

Lin Fan sneered and looked at Huo Dongying:

“Are you sure you want to do this? I’m telling you the ugly thing before, and I will regret it then, it will be too late.”

Huo Dongying smiled contemptuously: “Hoho, you are already dead and you dare to threaten me? Tell you, if you provoke me Huo Dongying this time, then you are unlucky, so just go to the prison and squat.”

“There is no twenty or thirty years, you trash can never come out of the big prison! At that time, out of old feelings, I will allow Yourong to take our two children to visit you trash.”
