

# Chapter: 1828

In the face of the joint crusade by the Lin family and the two armies, no more than one slap in the face of China could contend.

But Zhang Jianjun still chose to stand on Lin Fan's side. Is this crazy?

Zhang Jianjun raised his right index finger and shook it.

"Lin Zhanli, you don't need to be so excited. I think your Lin family should review your own behavior instead of just blaming others."

"After all, you did such an excessive thing to Mr. Lin. If I were you, I would do my best to beg for his forgiveness, instead of asking for humor!"

"Impossible!"

Lin Zhanxi said indignantly:

"That wild species caused our family to suffer so much damage, you actually let us beg for his forgiveness? Are you crazy? This is absolutely impossible! And there is nothing wrong with my Lin family!"

Stubborn!

Then, Zhang Jianjun waved his hand and said impatiently:

"Then there is nothing to say, I will officially inform you now that from now on, your Lin family and Zhang Jianjun will not have any contact with me."

"You can die if you want, don't pull me!"

"You! You are so bold!"

Lin Zhanli could hardly believe what he heard, and gritted his teeth and roared:

"Zhang Jianjun, you, if you have the ability to repeat what you just said, I can't hear you clearly."

"I'm telling you, if you help Lin Fan to be the enemy of the two armies, I hope you can bear the consequences!"

"Ho ho, threatening me? You're still a little tender!"

Zhang Jianjun picked up a paper on the desk and flicked it with his fingers.

"This is a photocopy of the special order just forwarded from above. Let's take a look, Mr. Lin Zhanli. From now on, Mr. Lin will be the chief executive officer of Huaxia Pharmaceuticals, which means that the entire Huaxia Pharmaceuticals industry is now alone. Have the final say."

Lin Zhanyu snatched the paper and examined it eagerly.

The official document clearly reads "Mr. Lin Fan will be appointed as the first executive officer of China Pharmaceuticals from now on", and it is also stamped with the seal of the relevant institution.

"Why? Why is this!"

Lin Zhan's face blushed and yelled loudly, unable to believe his eyes.

"That guy is obviously a trash. What qualifications does he have to be given such a position! If it is wrong, you must be wrong! I don't believe it!"

Zhang Jianjun sneered and looked at him like an idiot:

"Lin Zhanli, the one you said is not useful. The Lin family's fault lies in the mistake, and it is too unpredictable! You said that you did not provoke someone bad, so you have to provoke a mysterious person who seems to be useless, Lin Fan. His horror is definitely not what you can do. Imagined, and he is definitely not something you can afford!"

"You, how do you know he can't get it off?" Lin Zhanyu asked hesitantly, looking at Zhang Jianjun in horror:

"Do you know his identity background?"

However, Zhang Jianjun sneered and said:

"Some people don't need any background. Because he is the greatest background."

Lin Zhanli still couldn't believe it, and asked:

"Zhang Jianjun, what the hell is going on? Tell me, why is that guy better than my Lin family, he will be just a trash next year, he will be a wasteful son-in-law!"

Zhang Jianjun looked at Lin Zhanli like a super sand sculpture.

"That's just a superficial phenomenon that you see. Mr. Lin's power tentacles can extend to places that neither you nor I can see. Your Lin family has offended Lin Fan, and you are destined to have only two paths. Either get his forgiveness or dead!"

Zhang Jianjun shrugged and said with a smile:

"There is no way, I don't want to bury you with the Lin family, so I can only choose to be loyal to Mr. Lin!"

"That is to say, you betrayed my Lin family for profit?!"
