

Chapter: 1833

On Monday morning, the Washington Pharmaceuticals Headquarters. Wang Youcai, Wang Yanli and others came to the door at six o'clock. They just wanted to make things difficult for Lin Fan again when Lin Fan rushed to work.

With five minutes left before work, Lin Fan came to the door.

He was just about to enter the Washington Pharmaceuticals, but was stopped by Wang Youcai's family.

Wang Youcai glanced at him proudly:

"Lin Fan, why did you come here? And don't have a sense of time?"

Lin Fan glanced at the phone and replied.

"Minister, I'm not late, there are still three or four minutes to arrive."

"I said you were late, you are late!"

Wang Youcai glared his eyes and snorted coldly:

"Sure enough, it's a leisurely meal. With your working attitude, you will never have a good life! I don't know why Bai Yi will let you go to work in the imperial capital. Have you seen that your colleagues have arrived early? , How is the work going on?"

Lin Fan was stunned, looking at Wang Youcai with an idiot look:

"Okay, I'm late! But... it's your shit!"

He is the chairman of Washington Pharmaceuticals, and he will come whenever he wants. Why are these idiots nosy?

"you!"

Wang Youcai was so angry.

And Wang Yanli on the side hurriedly helped her, and roared:

"My family, Xu Yourong, is the director of this Washington Pharmacy. You are so passive and sabotaged, what if you hurt her?"

"If you don't live up to your temper, don't drag others down!"

And this time, Lin Fan can see it clearly, the other party is here to find fault?

It seems that he is holding a stomach of bad water and intends to pour it on him.

"Really? What do you think I should do?"

Wang Yanli originally thought that Lin Fan would get angry if she deliberately found faults like this, but Lin Fan would not accept his tricks at all.

Seeing that she could not achieve her goal, Wang Yanli shouted again:

"Not very good, you will resign and leave today, or I will ask Xu Yourong to fire you! You choose yourself!"

Anyway, Wang Yanli would never let Lin Fan stay with Xu Yourong again. This trash was kind of safe, and even if it had harmed Bai Yi, she even dared to beat her daughter's idea.

She will never let Lin Fan do what she wants!

The movement here also caused other colleagues from Washington Pharmaceuticals to talk in a low voice, and they all looked at Lin Fan in a gleeful manner.

Lin Fan was still not angry, but sneered:

"If you can't fire me, I'm afraid you said it won't count, right?"

After finishing speaking, he directly passed Wang Youcai and others, and went straight to Washington Pharmaceuticals.

Wang Youcai, who held back his anger, suddenly became angry when he saw Lin Fan's attitude:

"Lin Fan, don't be shameless! I'll give you one last chance. Now I resign and get out of my job, or I will make you unable to eat!"

Lin Fan, a dead waste, as long as he stays at the Washington DC pharmaceutical company for a day, Wang Yanli won't be able to live for a whole day!

However, Lin Fan turned a blind eye to their threats and strode directly into the Washington Pharmaceuticals.

The three clowns are not worthy of his attention.

"Shame on the face, it seems that I can only do a trick!"

Wang Youcai snorted coldly, with a hint of bad faith in his eyes.

However, at this moment!

Suddenly they heard that outside the gate, there was a woman's yelling voice.

"Is Lin Fan here?"

The visitor is not someone else, it is Li Xunran!

But the moment Wang Zhijun saw Li Xunran, his eyes were straight!

What a beautiful woman, he has never seen such a beautiful woman in his life!

The tall, handsome girl was looking around.

The girl was wearing a black bodysuit, a shawl with beautiful hair, a pair of sunglasses on her forehead, and her eyes seemed to be rippling with blue waves.

Then, Wang Zhijun and the other three were puzzled!

Who is this beauty?

What are you looking for Lin Fan for?

Lin Fan, who was about to enter the Washington Pharmaceuticals, also heard someone calling him. He turned his head in surprise and looked at the door of the office area. He recognized the old Yao Li Xunran and walked over with a smile.

"Miss Li, what's the matter?" Lin Fan walked up to Li Xunran and asked.

Li Xunran sternly said, "Of course there is something, why is it coming to you?"

Lin Fan knew that this eldest lady was not easy to deal with, and said with a smile:

"If you have something, please tell me, I'll listen with great respect."

At this moment, Wang Youcai and the others were all staring at them.

Especially Wang Zhijun!

Seeing Li Xunran flirting with Lin Fan, he suddenly became jealous.

That bastard, it's really bad luck, beautiful women like to stick to him.

"I knew that he was a bad species. He and this woman must be confused!" Wang Yanli said extremely maliciously.

Suddenly, an unfamiliar beauty came to Lin Fan, and she naturally aroused everyone's appetite for gossip.

"It's really weird, that trash is so attractive? A big beauty came to him?"

"Haha, there's a good show to watch. If Bai Yi learns about this, don't he divorce him without a divorce certificate?"

"It's really not good to look at people, and the dispossessed son-in-law who can't lift his head in the Bai's house will be chased by beautiful women?"

The three of you said something to me, and they all started talking.

Then Wang Zhijun took out his cell phone and started shooting secretly. If he could take Lin Fan's evidence, he would be able to blackmail Lin Fan severely.

Li Xunran over there didn't answer Lin Fan immediately, but went directly to the underground parking lot with few people, and looked around, acting like a guilty conscience.

Lin Fan had no choice but to follow suit step by step.

And seeing this, Wang Yanli and others were even more sure that the relationship between this woman and Lin Fan was unusual.

"Look at you, this pair of dog men and women are sneaky, there must be something wrong!"

Wang Yanli snorted coldly, then turned her head and ordered Wang Zhijun:

"Zhijun, hurry up and take this photo, I want that kid to walk around!"

Wang Zhijun smiled, smiling treacherously:

"It's shooting! Aunt, don't worry, I will not miss this highlight, let's catch up!"

"What do you find me for?"

Lin Fan became more and more confused about what this woman wanted to do.

This came to him without giving the reason, which was not in line with Li Xunran's flamboyant personality.

Feeling Lin Fan's puzzled look, Li Xunran was also very embarrassed, and became Lin Fan's junior. How could she say this?

Isn't Grandpa deliberately embarrassing her?

"That... Lin Fan, you are married, right?"

Li Xunran asked timidly.

"Aren't you nonsense? You have seen my wife, why do you still ask such a question?"

Lin Fan was dumbfounded, what does this woman want to do?

"Then...do you mind having an extra wife?"

After saying this, Li Xunran's face was already red like a monkey's butt.
