

Chapter: 1846

When Lin Fan stepped into the Lin family, he felt a strong murderous aura from it!

Today's Lin family is heavily guarded!

There are countless military vehicles parked outside the door!

Countless armours with real guns and live ammunition encircled the entire Lin family.

But even if the thousands of soldiers outside are added together, it is not as oppressive as the two inside the house!

Inside Lin's house!

Sitting beside Lin Hongtu were Xu Longguan and He Lanxuan!

Both of them are over half a hundred years old, but they are still full of energy, and their bodies are full of majestic power, like two giant peaks standing on the spot!

Especially when Lin Fan stepped in, he felt that he was being stared at by two extremely sharp eyes!

That gaze is like two sharp blades penetrating everything, tearing life apart.

What a strong sense of oppression!

Is this the ultimate power?

Lin Fan sighed in his heart!

He smelled a familiar smell on the two elders in front of him, the smell of an extremely strong one!

Xu Longguan opened his tiger's eyes and stared directly at Lin Fan, the look in his eyes was quite astonished.

In exchange for this, ordinary people saw them, they could not bear the power of their bodies for a long time, and then they were paralyzed on the ground.

But this kid in front of him, looks like a troublesome person?

It's a personal thing!

Xu Longguan and He Lanxuan quickly gave Lin Fan an appraisal in their hearts!

No wonder this kid dared not pay attention to their two big army seats, because it turned out to be somewhat pedantic.

"Lin Fan, don't you kneel down?"

Seeing Lin Fan appear, Lin Hongtu shouted!

I couldn't hold back the joy in that eye.

Because in his opinion, today is the time to settle with Lin Fan.

This time, with He Lanxuan and Xu Longguan sitting in town, they didn't believe that Lin Fan could escape!

What about Grand Master?

In front of the top, it is still nothing more than an ant, which can be destroyed by a finger!

Facing Lin Hongtu's reprimand, Lin Fan just sneered:

"Let me kneel, they are not qualified!"

what!

Everyone was in an uproar, all of them couldn't believe their ears.

Are Xu Longguan and He Lanxuan not qualified to make Lin Fan kneel?

Who is qualified then?

Is this guy crazy?

They thought that Lin Fan would constrain after seeing Xu Longguan and He Lanxuan, but they didn't expect this guy to be as arrogant as ever.

even!

Dare to speak provocatively!

This is definitely a long life.

Both Lin Hongtu and Lin Zhanxi couldn't help but want to clap their hands and applaud. They didn't have to do it personally, so Lin Fan would play himself to death?

Previously provoked the two military seats, and now they are humiliated in public, even if the great Luo Jinxian descends, he can't save this idiot.

"Sure enough, it's awesome!"

Xu Longguan sneered:

"In China, you are the only one who dares to talk to us like this!"

Obviously, the two soldiers had already murdered Lin Fan!

But He Lanxuan was even more straightforward, threw a pistol to Lin Fan, and then said:

"You commit suicide now, and I will not implicate your family!"

This was exactly the tone of an order, as if Lin Fan had to do what he said.

Lin Zhanli and Lin Hongtu and his son also laughed unkindly.

Because in their opinion, Lin Fan already had no choice.

Can only commit suicide here!

Otherwise, not only will he die, but even his wife and children will not escape death!

just!

Hearing He Lanxuan's promise, Lin Hongtu's eyes showed a touch of cruelty!

In fact, the moment Lin Fan appeared here, he had already sent someone to assassinate the Baiyi family.

He had already learned that Bai Yi was pregnant with Lin Fan's evil seed. After Lin Fan's incident, he knew well that he had to cut the grass and root.

Otherwise, the Lin family is likely to face the same dilemma as it is today!

So Lin Fan had to die, and the wild species he was born also had to die!
