

Chapter: 1852

Xu Longguan nodded:

“Okay, let’s do it together to punish this wicked animal!”

Then, the two army seats came over together, shaking the mountain suddenly, and the steady footsteps made the entire Lin family seem to be swaying.

Lin Zhanli and his son suddenly grinned, and Lin Zhanli said with a non-smiling smile:

“Lin Fan, is there any last words that I need to tell your wife and children? I can help bring them!”

just!

Lin Fan didn’t even look at them, as if he hadn’t heard of them.

And just now!

Outside the door, there was a cold laughter:

“What’s so hot, it shocked the two armies!”

Hearing this familiar voice, whether it was Xu Longguan or He Lanxuan, they all shuddered together.

Then involuntarily horrified looked back, and then saw the face they least wanted to see!

Nihuang!

“Neon Phoenix Army Seat?”

At the moment when I saw Nihuang, let alone Xu Longguan, even Lin Zhanli was frightened.

There was a strong shock and disbelief in those eyes!

Can’t believe my eyes!

Is the Nihuang Army Seat really here?

She actually landed here in the Lin family?

Lin Fan, this guy, really has such a great ability to alarm such a terrifying woman?

The expressions of He Lanxuan and Xu Longguan suddenly became unsightly!

They originally thought that Lin Fan was pretending to be coercive, but they didn’t expect that this guy actually called the Nihuang Army Seat!

If things involve the army, it will be a big trouble!

Because once a conflict occurs, it is not just a personal conflict, but a conflict of an entire army, and the consequences are disastrous!

They didn’t even think that Lin Fan actually had such a great ability to call Nihuang.

And if Nihuang intervenes, they can’t really kill her, right?

Killing the army seat for no reason is a felony!

Even with their identities, they are doomed to escape!

Lin Hongtu stepped forward very nervously, and asked Nihuang a little nervously:

“Nihuang Army Seat, shouldn’t you come for this waste?”

How scared he is, Nihuang really came for Lin Fan!

For them, it was a nightmare!

“No!”

Nihuang glanced at Lin Fan and shook his head, then stared at Lin Hongtu:

“I just see your Lin family not pleasing to your eyes!”

The first sentence gave Lin Hongtu and his son a sigh of relief, but the latter sentence made them cry.

The Nihuang Army Seat was not pleasing to their Lin family?

But they have never offended the Nihuang Army!

After all, isn’t it for Lin Fan?

And hearing Nihuang’s words, Xu Longguan’s complexion instantly became unsightly.

The two said coldly:

“Nihuang Army Seat, are you going to stand up for this kid?”

And Lin Hongtu and his son stared at Nihuang very nervously, trembling madly all over.

If this is true, it would undoubtedly be terrible news for them!

only!

Nihuang shook his head and said:

“Don’t worry, no matter how you clean him up, I will never interfere!”

This sentence immediately made everyone present breathe a sigh of relief!

But they couldn’t understand, since Nihuang didn’t come for Lin Fan, who called her here?

Xu Longguan still asked uneasyly:

“Then I don’t know what happened to the Nihuang Army Seat deliberately here?”

The Nihuang Army Seat is clearly guarding the border, and it is not an exaggeration to describe it with all sorts of reasons. If nothing happens, how can you come to the Lin family?

Nihuang smiled mysteriously:

“I’m watching a good show!”

A good show?

Everyone was immediately puzzled, and felt the mystery hidden in Nihuang’s words.

“What’s a good show?”

He Lanxuan’s face suddenly sank, and he noticed that Nihuang’s arrival was definitely not that simple.

Then, Nihuang’s eyes flashed a killing opportunity:

“Look at how you die!”
