

# Chapter: 1859

Wang Zhijun cut with disdain:

“Isn’t it over like this? There is so much nonsense that we have to force us to curse, what a cheap bone!”

Then, Wang Zhijun hung up the phone and turned back to make a YES gesture to the two of Wang Yanli.

“Successfully done, that kid will send us money tonight!”

“This time, we can divide more than three billion!”

Wang Yanli was overjoyed.

“Auntie, you are so happy to be like this for just over three billion, right? I will find that kid for more in the future!”

Wang Youcai glared at him immediately:

“You are ashamed to say that you squandered all your money in just one month. Why did I give birth to you such a sweeping star?”

“Do you really think that kid opened a bank? Sooner or later, his money will be spent, and he will not give it to you. I see what you do!”

Wang Yanli also pretended to say:

“Yes, Zhijun, don’t gamble anymore. Leave the money to do a little business or something. Sooner or later, that kid will be emptied by us.”

But Wang Zhijun couldn’t hear it. He has been enjoying the life of being a master for a few days, and now he is full of squandering!

“Then I’ll talk about it when the time comes. Anyway, when there is no money, I’m looking for that kid. Does he dare not give it?”

Then, Wang Zhijun rubbed his hands and said with a smile:

“Okay, don’t talk nonsense anymore, I’d better pack things quickly, and wait for that kid boy to send money to the door!”

He has an appointment with a star, and he plans to go to the bar tonight!

And he also praised Haikou, all the consumption in the bar tonight, he will pay for it!

Now wait for Lin Fan to send him the money!

But at this time, Xu Yourong rushed over panting and grabbed Wang Yanli’s hand:

“Mom, don’t go! I beg you, Lin Fan is not easy to provoke. The last time he gave the five hundred million yuan was his kind heart and didn’t want to care about you, but this time you still blackmailed him, he won’t let it go. your!”

Xu Yourong had long known that Wang Yanli and the others would not give up. Wang Yanli left out mysteriously early this morning.

At that time Xu Yourong knew something was wrong.

So they followed up and found out that they were going to blackmail Lin Fan again.

But Lin Fan had warned before. Now that Wang Yanli is still doing this to death, do you really think Lin Fan has a temper?

This is looking for death!

But Wang Yanli shook off Xu Yourong’s hand and cursed:

“Go away, don’t delay my old lady getting rich! If you don’t live up to it, don’t you allow me to make money outside?”

Today’s Wang Yanli is also fascinated by Cai, so she can’t listen to explanations.

“He is so merciful and doesn’t care about us. It’s obviously that he has a guilty conscience and wants to buy us with money!”

Wang Zhijun sarcastically said with disdain:

“This money is clearly earned by ourselves, and it has half a dime relationship with that waste?”

“Wang Zhijun, you shut up! You can die if you want, don’t pull my mother!”

Xu Yourong shouted at Wang Zhijun that these things were all caused by Wang Zhijun.

“Mom, listen to my advice, Lin Fan is really not easy to provoke, you believe me! If you dare to blackmail him, he will really kill!”

Lin Fan definitely does what he says!

“Oh, I’m so scared! Just that rubbish can kill people, don’t laugh at me! If he is so kind, you don’t need to be a son-in-law!”

Wang Zhijun sarcastically said with disdain, and then looked at Xu Yourong:

“Aunt, are you not going? If you don’t go, I’ll split the billions in half with my father!”

“Don’t don’t don’t, I’ll go!”

When Wang Yanli heard this, she became anxious, and quickly kicked Xu Yourong away, cursing:

“Go away! If my good deeds are broken, I will never forgive you!”
