

Chapter: 1863

what!

Both Xu Yourong and Wang Yanli's expressions changed wildly.

"You can't do this, you didn't say that before!"

Xu Yourong is going crazy, but that's her mother. How could she watch her mother be chopped off?

However, Lin Fan ignored it at all and said with a cold face:

"I didn't say to chop her hand, but I didn't say not to chop, did I?"

Xu Yourong was speechless. She knew that Wang Yanli must have angered Lin Fan again, and that made Lin Fan change her mind midway.

Pouch!

However, just as Xu Yourong was stunned, a butcher knife had already cut off Wang Yanli's wrist.

Ouch!!!

Wang Yanli also screamed extremely sternly, rolling back and forth on the ground in pain, so painful!

"Lin Fan, you!"

Xu Yourong stared at Lin Fan with red eyes, as if he wanted to smash Lin Fan into pieces!

Lin Fan still sneered, looking very ruthless:

"If you go to the hospital now, you may be able to pick it up with this hand, but if it's late, then I can't guarantee it!"

Xu Yourong didn't care about tearing up with Lin Fan, and hurriedly took Wang Yanli to the hospital.

And Lin Fan didn't want to continue wasting time, just got up and left.

Leave Wang Zhijun with a desperate back!

.....

Get out!

Both rows of people knelt in front of Lin Fan!

They are the Dragon and Tiger Legion and the people of the Blood Prison!

They also knew the troubles Lin Fan would face next, so they were very depressed now.

"king!"

Two rows of people knelt on both sides of Lin Fan.

"How's it going?"

Lin Fan's voice was full of exhaustion.

"The temple has been dispatched, and even led the terrorist forces in the underground world such as Black September, Anbe, Evil Killer, and so on. They have now arrived at the port of Jiang City!"

"They have already spoken, if you don't show up within three days, then you will sacrifice the lives of millions of people in Jiang City!"

Ho ho!

Lin Fan smiled. Hei Jiuyue and other forces had also had conflicts with the Blood Prison, but they were defeated.

Now that the eldest brother of the temple stands up to wave the flag, they are naturally happy to take this opportunity to bring down the blood prison in one fell swoop.

And Lin Fan also knew that the temple did what it said.

Because what they like to do most is to slaughter the city and kill innocent creatures.

"Tell them, in three days, I will be in Jiangshi!"

Then, Lin Fan looked at the many subordinates present:

"If any of you wants to survive, you don't need to participate in the war after three days!"

however!

Everyone roared in unison:

"I'll wait, I will follow Lin Zuo to the death!"

"I'll wait, I will follow the King of Blood Prison to the death!"

Lin Fan frowned and looked at the thousands of people with a hint of anger in his eyes:

"There are only children in the family, wives and children, young and old, go out!"

but!

There is still no movement!

No one is willing to go out!

Ok?

The anger on Lin Fan's face was even worse, and he roared:

"Why, I said it won't work?"

At this time, the blood prison mad god and others all looked embarrassed. They knew that once they got out of the queue, they would give up the opportunity to go to death with Lin Fan generously.

"Return to Lin Zuo, we are not the only child, in the Dragon and Tiger Legion, in the Blood Prison, we are all our brothers!"

"That's wrong! If we die in battle, our brothers and sisters will take care of our wives, children, and children. Lin Zuo don't have to worry!"

call!

Lin Fan let out a long sigh of suffocation, and there is no way to do anything with these guys.

"Send my order to let the blood prison and the Dragon Tiger Legion not want to fight, or if there are wives and children, young and old, don't have to fight!"

"And you, take advantage of these three days to accompany your family, maybe these are the last three days of your life."

"Yes!!!"

Everyone yelled in unison, rushing to respond to Lin Fan.

When Lin Fan saw these soldiers brought out by himself, a gratified smile appeared on his face.

"Three days, the last three days, regardless of success or failure, we can sleep peacefully!"

Won, sit back and relax!

Lost and sleep forever!
