

Chapter: 3057

Suddenly, Zhao YINUO covered his mouth with a surprised expression.

Yeah, how could this be? How could she know that Mrs. Lin has a garden? Is this really God's will? Zhao YINUO held Gu WANG's arm tightly, feeling a little overwhelmed.

"Don't worry, ma'am, don't get excited first. It will take time for Zhao YINUO to recover his memory. Don't get too excited. Maybe today is just an accident." Gu WANG glanced at Zhao YINUO and hurriedly said to his wife, talking.

For a moment, a trace of loss flashed in Mrs. Lin's eyes, yes, if it wasn't an accident, how could she only remember such a little bit after such a long time?

Still too excited.

Mrs. Lin hurriedly sorted out her emotions and tried to calm herself down.

"I'm sorry, I was too much. Just now, I must have scared you?" Mrs. Lin asked softly while wiping away her tears.

"No, no." Zhao YINUO immediately replied embarrassedly. She couldn't explain what happened just now. Perhaps, her memory was really slowly recovering.

She looked out the window with an expression full of anticipation. If one day, she really regained her memory, she must do what she wanted to do before.

She clenched her fists tightly, her eyes returning to the calm before.

"Mom!" Suddenly, LIANGLIANG ran in with her schoolbag on her back.

Although Zhao YINUO was frightened, the joy on his face was still obvious. This was not something she pretended to do. She liked this child from the bottom of her heart.

"Mom, why did you come to see me now? Grandma and I are going to miss you." LIANGLIANG said coquettishly.

"Oh, you can talk, how is it? How about your recent grades? Did you eat well? Did you help grandma with the housework?" Zhao YINUO said softly while stroking the child's hair.

She didn't know why, but when she saw this child, the long-hidden aura of motherhood in her heart all came out.

"Don't worry, Mom, my grandmother and I are both very good, and my grades are also very good." The child said word by word.

Seeing the happy appearance of the child in front of her, Zhao YINUO only felt very relieved, she really regarded this child as her own.

"Come on, ENUO, this is your favorite food, I made it for you, try it, or is it the same as before?" After speaking, Mrs. Lin picked up a piece of sweet and sour pork ribs and stuffed it directly into Zhao ENUO bowl.

"It's delicious." Zhao YINUO responded contentedly while eating.

A meal, four people eat together very fragrant.

Because I hadn't seen each other for a long time, after eating, Mrs. Lin held her little hand and sat on the sofa in the living room chatting non-stop, looking very happy.

At this time, Gu WANG and the child were sitting on the bed in the room planning something.

"What did you say? Are you going to propose to my mother?" LIANGLIANG shouted in the room.

"Keep your voice down." Gu WANG flicked his forehead, immediately covered his mouth, and whispered.

"Really? That's cool! I want to attend your wedding and be your witness." LIANGLIANG patted her chest and said with a firm oath.

When did this kid understand this? Gu WANG turned his face away, looked at him, and smiled unconsciously.

"By the way, when are you two going to get married?" Mrs. Lin suddenly asked indifferently in the living room.

All of a sudden, Zhao YINUO was silent. Gu WANG hadn't mentioned the matter of marriage to herself recently, and she was embarrassed to speak up.

Otherwise, just wait! She rubbed her hands tightly, and her expression was very nervous. Perhaps seeing that she was different, Mrs. Lin smiled, with a trace of gossip on her face.

"LIANGLIANG wants you to give him a sister." Then, Mrs. Lin said deliberately, and Zhao YINUO's cheeks flushed.
