

Chapter: 3067

“That, Mr. Zhou, she is hospitalized.” The assistant lowered his head and replied immediately.

What? All of a sudden, the lynx didn’t even think about it, and ran out directly.

“Hey, Bobcat, my boss Zhou doesn’t want you to go to the hospital to see her!” the assistant shouted from behind.

The lynx stopped immediately, with a helpless expression.

What should he do? He wanted to see what happened to the woman and what happened, but she wouldn’t let him go to the hospital.

Gu Wang, who was behind him, looked at the lynx with embarrassment on his face.

“Don’t worry, I’ll go take a look.” He patted the lynx on the shoulder, said hurriedly, and then left.

In the ward of the hospital, Zhou Yang was lying on the bed at this time, with his eyes closed, looking very tired.

“What happened?” At the door of the ward, Gu Wang looked at the assistant next to him and asked immediately.

“That’s right, it was that young girl who slapped President Zhou, and Zhou Yang fell down accidentally and fainted.” The assistant replied immediately.

That young girl actually went to find Zhou Yang again? No, as far as he knows, the Bobcats haven’t contacted this sister recently.

It seemed that the young girl would not let Zhou Yang go easily.

“Find a few more people to come over, watch the ward, and don’t let anyone move around at will.” Gu Wang cautiously instructed, cutting off all possibilities for Zhou Yang to be hurt again.

“Big brother, you’re here.” Zhou Yang on the hospital bed slowly opened his eyes and greeted him.

“Well, how are you feeling? Are you feeling better?”

“It’s okay, don’t worry, I just fell, it’s okay, you see, I’m not doing well now.” Zhou Yang smiled and replied immediately.

She could still laugh when such a big thing happened! This little sister always reports good news but not bad news. If one day, she is really hurt by others, she will not have time to ask anyone for help!

“Then why are you wrestling?” Gu Wang walked beside her and asked deliberately.

Suddenly, Zhou Yang was stunned for a moment, and then immediately recovered the expression on her face. She turned her face away, looked out the window, and deliberately replied, “Brother, what are you talking about? Wrestling, isn’t that a very normal thing? .”

“Okay, don’t lie to me. I know that young girl is looking for you again. Come on, what did she say to you again?” Gu Wang tidied up his clothes and asked softly.

What else can I say? Naturally something about the lynx.

But since she has already quit, that young girl shouldn’t come looking for her again, so why is she still trying to get ahead?

For this, Zhou Yang really did not understand.

“In the future, you have to guard against her. It’s not an easy role. If you just endure it blindly, she won’t miss you.” Gu Wang hurriedly reminded her.

Yes, some people are like this. They bully the soft and fear the hard. They wish they would ride on someone else’s neck immediately.

“Ah! It’s her! It’s her, she’s going to kill me!”

Suddenly, the young girl broke into Zhou Yang’s ward with several policemen.

what ‘s wrong? Zhou Yang looked at the few people who broke in in horror, his face was very suspicious, but Gu Wang had already guessed all this.

It’s her, she’s going to kill me and kill my child! “The young girl pointed at Zhou Yang on the hospital bed and roared bitterly.

Several police officers immediately walked to the hospital bed with serious expressions, and whispered, “Hello, please cooperate with our investigation.”

What investigation to cooperate with? And what did she do to the young girl? Damn it, that stinky girl said something nonsense to the police, right?

Zhou Yang looked at the woman in front of him fiercely, and was very dissatisfied.

“Zhou Yang, don’t worry, cooperate well with their investigation. If they find out something, we will act according to the law, but if they can’t find out anything, then I will not tolerate it.” Gu Wang looked at the person next to him. Girl, she said coldly.
