

Chapter: 3072

“Zhou Yang, your lady is excited, calm down, Gu Wang has already sent someone to chase.” Zhao YINUO hurriedly hugged her and comforted her in a low voice.

Looking at her belly, Zhou Yang felt very regretful, but she never thought that there was still a child in her belly!

“It’s all my fault!”

In the corridor, the patients in the aisle all cast sympathetic glances.

“I want to avenge my child! I must call the police!” Zhou Yang said as he stood up.

“Don’t be impulsive! Don’t be impulsive first! The police already know about this, so don’t worry, even if you leave the matter to Gu Wang and let him handle it, you are a woman, and now you are injured again, you should take a good rest. Rest is.” Zhao YINUO said immediately and pushed her onto the hospital bed.

But her child is dead! That’s her own flesh and blood.

No, wait, she has always been on good terms with people, and has never offended anyone, so why would anyone come to harm her? Zhou Yang raised his head and looked out the window with a suspicious expression.

This stupid woman must have not put her mind on that young girl, Zhao YINUO cast a glance at her, and a look of helplessness flashed in his eyes.

“Okay, let’s talk about the future, just stay here honestly, you don’t have to go anywhere…” Zhao YINUO said while handing her a glass of water.

The child is gone, how could she stay here honestly? Zhou Yang gasped heavily and pressed his temple.

No, this matter must be investigated clearly!

I don’t know why, but at this moment, a face appeared in her mind. That’s right, it wasn’t someone else’s face, it was the appearance of that young girl.

Shouldn’t she find someone to do this?

That girl, although it is very important to be jealous, and she once felt sorry for herself, but she would not use such an extreme thing to completely cut off her relationship with the Bobcats?

“Sister-in-law, have you found something? Why didn’t you tell me?” Zhou Yang looked at Zhao YINUO in front of him and asked suspiciously.

“Gu Wang has already gone to investigate, don’t worry, he will definitely help you catch the murderer.”

In the living room, the young girl was still talking on the phone.

“What did you say? She’s pregnant? The child is gone? Is this true or false?” the young girl asked immediately.

“That’s right, it’s true.” The woman replied indifferently, she didn’t know that Zhou Yang was pregnant before the young girl let them do it.

Wait, she’s pregnant! Then the child in her belly must be a lynx! At that time, I’m afraid that the stinky man from Lynx will take care of her again and coax her. Fortunately, the child is gone, otherwise, someone will come and grab the property from the child in his belly.

Just when the woman was rejoicing, she heard a “dong!” sound, and the door was kicked open.

“Yo, what’s the matter? Why are you so angry?” The young girl immediately stood up and asked the person in front of her.

What else could it be? Naturally, she was angry with her. Usually it was enough to bully people, but now she wants people’s lives. This vicious woman is really “indomitable”!

“Do you know that there is still a child in Zhou Yang’s belly, but now there is nothing left! It’s all because of you! It’s you who killed that child!”

Lynx was drunk, but he was very rational at this time. In this world, she should be the only one who can deal with such a good person as Zhou Yang?

“What on earth are you trying to do? I’m just an ordinary person who wants to live a normal life.” The young girl pretended to be aggrieved.

“Don’t keep pretending, it was you who sent someone to deal with her, but now it’s like she’s nothing, watching TV and eating fruit here!” Bobcat pointed at her nose and roared loudly.

so what? Isn’t she not dead yet? Besides, the reason why she became like this was because they forced her!
