

# Chapter: 3080

Now, Mrs. is much less concerned, she doesn't want to pursue any career anymore, she just wants to raise her own flowers and enjoy her old age.

“Madam, tell me, was I very stupid before, especially stupid?” Zhao Yinuo suddenly asked the lady next to him.

Suddenly, Mrs. Lin was confused, what is this? She is not stupid, she is kind.

“The day Gu Wang proposed to me, Tianxiang showed me those old photos, and I was really angry, but afterward, I returned to that stinky guy with no prospects.” Zhao Yi Nuo pretended to be angry and continued talking.

It's not because of true love!

Mrs. Lin smiled and tapped her head lightly, her expression very gossip.

“You and Gu Wang are a match made in heaven. In the past, the two of you were the envy of many people. Now, although you have lost your previous memory, Gu Wang still hasn't given up on you.” Mrs. Lin said very The wind was light, but what she said was very meaningful.

Yes, no matter in the past or now, Gu Wang has never stopped giving to himself, has he? Zhao Yinuo raised his head, looked at the sky, and smiled with satisfaction.

With such a caring and reliable other half, her life is enough!

“Zhao Yinuo!” Suddenly, a woman broke in directly.

All of a sudden, Zhao Yinuo was frightened, what's the situation? Who are they? What are you doing here? Zhao Yinuo looked suspiciously at the few people in front of him, and was very frightened.

Seeing this, Mrs. Lin immediately ran in front of her, pulled her behind her, and protected her.

“What are you doing here?” Mrs. Lin suddenly became vigilant.

She knows these people. They are all employees in the supermarket. When Zhao Yinuo was still working in the supermarket, they all had no good intentions for Zhao Yinuo, and they always yelled at her. At that time, Ling Chen went and drove them away. Maybe Zhao Yinuo had already been harmed by them.

Now, when they come here together, there must be nothing good!

“Oh, ma'am, we are all from the same village, why do you have to be so outspoken? We haven't seen Zhao Yinuo for a long time. When I heard that she was back, I rushed over to have a look.” A young woman immediately As he said that, there was a trace of disdain in his expression.

Ok? Co-authoring them means that they knew themselves before? Zhao Yinuo carefully looked at the few people in front of her, and she murmured in her heart, but why did she have no impression of these people at all?

“We're busy here, and we don't have time to chat with you. Let's go. We'll talk about it another day.” Mrs. Lin said bluntly.

She has eaten more salt than these people have traveled. She is naturally aware of what these people have in mind.

“Don't, Enoch, you see we haven't seen each other for so long, so let's go out together, have a meal together, and catch up.”

reminisce? Is it absurd? What's the old story? Say how they bullied and ran on Zhao Yinuo at that time? Mrs. Lin glanced at them with contempt in her eyes.

“Our family Enoch has nothing to talk about with you. Let's go quickly. It's illegal for you to break into private houses like this.” Mrs. Lin said immediately.

This stinky old woman, no matter how old, is still here!

A woman in front of her clenched her fists tightly and gritted her teeth.

They just wanted Zhao Yinuo to talk to Ling Chen so that they could go back to work in the supermarket again, otherwise they would really eat dirt.

“Madam, don't be angry, Enoch, I admit that I have indeed done wrong to you in the past, but you have a lot of adults, so you won't care about us villains, right? Besides, it's already been done. After such a long time, you should have forgotten the right and wrong of the past, right?” The woman said deliberately.
