

Chapter: 3081

She had already heard that Zhao YINUO had lost his memory, so she hurried over to do such a shameful thing.

Yes, what they said is not without certain truth.

Some things are over, and the chapter is over, and there is no need to hold on tight, not to mention, she is not the kind of woman who holds grudges, women, why bother women.

“If you have anything, just say it here. You have seen it. We are really busy here.” Zhao YINUO said directly.

Immediately, the women in front of them froze for a moment, and then immediately recovered the expressions on their faces.

“How about this, you and your wife are busy first, and when you are finished, let’s have dinner together, shall we wait for you?”

After saying this, even if Zhao YINUO really doesn’t agree, when others hear it, it’s somewhat unreasonable.

Otherwise, will you agree? Zhao YINUO gently tugged at the corner of Mrs. Lin’s clothes, her expression very confused. Because she really had no impression of the few people in front of her, let alone what they had said and done to her before.

“Tomorrow, I’ll go to an appointment with her tomorrow, we don’t have time today.” Mrs. Lin glanced at Zhao YINUO next to her and responded loudly.

Afterwards, a few people left immediately, and Mrs. Lin told Zhao YINUO about the past, so that she could be on guard.

“Enoch, I can tell you, these people are not fuel-efficient lamps, you must pay attention to safety.” Mrs. Lin looked at her worriedly and said seriously.

A trace of dissatisfaction flashed in Zhao YINUO’s eyes. After all, what kind of thoughts did they have for themselves in the past? She put down the tool in her hand, took a sip of tea, and fell into contemplation.

Gu WANG has been busy in the company recently, so Zhao YINUO didn’t tell him about it.

“Enuo, why don’t we talk to Gu WANG?” Mrs. Lin asked in a low voice, looking at her in front of her.

“I don’t want it anymore, Gu WANG has been very busy recently, I don’t want to distract him.” Zhao YINUO replied softly.

They were all women, so Mrs. Lin naturally understood Zhao YINUO’s thoughts, so she didn’t force her to go to dinner with Zhao YINUO directly.

After a few people saw their arrival, all of them greeted them with hospitality.

“You are here, we have been waiting for you for a long time.”

“Yes, we are afraid that you will not come.”

“That is to say, come here, please take a seat.” Several women greeted immediately, for fear of offending Zhao YINUO and Mrs. Lin.

Mrs. Lin was naturally aware of these reactions from them. She had been holding Zhao YINUO’s little hand tightly and never let go.

“Yo, madam, what’s your situation? Why do you keep catching Zhao YINUO? How does this make her eat?” Suddenly, a woman next to her said deliberately.

Zhao YINUO patted Mrs. Lin’s palm lightly, smiled, and gestured to reassure her.

A few people started chatting. Since Zhao YINUO has come to this dinner, she has already been ready to listen to these aunts’ chatter.

Eat what they should eat and drink when they need it. As for what they are talking about and what they want to talk about, it is better to let them choose. Anyway, as long as what they say doesn’t involve herself, then she can just eat with her head down. For some people, she should be cautious...

Zhao YINUO kept eating with the vegetables in between, which made several people around him feel helpless.

“What should I do? Why didn’t she say a word? Dare to come here for dinner?” A young woman hurriedly asked at the door of the box.

“Don’t worry, take your time.” Another woman replied immediately.

“Yo, Enoch, are you ready? Are you full? Otherwise, let’s order a few more dishes?” The woman immediately walked into the box and hurriedly asked.

Since she is so enthusiastic, she doesn’t have to be polite, “Okay, let’s have sweet and sour pork ribs, and steamed carp.”
