

# Chapter: 3082

All of a sudden, everyone around was stunned, and even Mrs. Lin next to her was surprised, but Zhao YINUO didn't care about the three-seven-two-one, and called out to himself.

She doesn't care what other people think!

Anyway, in the end, it wasn't her who paid for the guest! Since these few people have to let themselves come out to eat with them, why should they hold them back? It's like she's an outsider.

"What's the matter? Am I yelling a little too much?" Zhao YINUO covered his mouth and asked in a low voice.

"Ah? Well, no, no, it's a blessing to be able to eat."

"Yes, yes, you eat more to grow your body." Another person said deliberately.

Eat as much as you want. Anyway, you asked me to eat. Zhao YINUO continued to pick up the dishes from the plate and stuffed them into his mouth, looking very leisurely.

Mrs. Lin looked at the scene in front of her with a playful arc on the corner of her mouth. It seemed that she already had an idea in her heart. This Zhao YINUO is really a blockbuster. Only she can do this kind of thing.

For a long time, Zhao YINUO has been eating, and the people next to him have been watching. They just wondered why Zhao YINUO still didn't look full after eating for so long.

"What kind of bad thoughts is this stinky girl thinking? Did she do it on purpose? She did it on purpose!" A woman roared at the door of the box.

"Hurry up and be quiet!"

In fact, Zhao YINUO heard every word at the door of the box clearly, but deliberately pretended to not know anything.

These women, their minds are worse than the other! She clenched her fist tightly, ready at any time.

Who knows why they let themselves here? It's been so long, and they still haven't opened their mouths. If they say they just want to treat themselves to a meal and catch up, then she won't believe it.

"Enoch, look, we're almost done eating here. We have something we want to discuss with you." Finally, someone spoke up.

Zhao YINUO put down the chopsticks in his hand, wiped his mouth, and immediately raised his head, looking at the few people in front of him with a very calm expression.

"Well, tell me." She said hurriedly.

"That's right, there are a few sisters who want to go to work in the supermarket, but without Ling Chen's consent, you know, they can't go directly into the supermarket, so can you talk to Ling Chen and let him be accommodating? accommodating."

Well, that's just talking about some of the sisters, so what about the rest of the women? Zhao YINUO looked suspiciously at the person in front of him, his eyes full of curiosity.

"Other sisters want to start their own business, but they don't have a lot of money, so they want to borrow some money from you."

It turned out to be like this. Finally, Zhao YINUO figured out the truth of the matter.

It's a good thing to want to do business and start a business, but they want to borrow money from themselves. Isn't this a bit too much?

You know, if there were no them, how could I have been scolded or even beaten in vain? Now they can still have the cheek to borrow money from themselves? How absurd!

"It's relatives who go to the supermarket to work. I think you should discuss with Ling Chen. After all, I'm not an employee here, and I can't manage the people here." Zhao YINUO said quickly.

Want to put the blame on her alone? Not even a door.

"Oh, what you said, don't you have a good relationship with Ling Chen? We all believe that there is absolutely no problem with Ling Chen if you come forward." A woman said hurriedly.

Let her show up? Why should she come forward? They have such a big face, they actually let themselves bewitch Gu Wang and Ling Chen!

"I'm sorry, I can't take charge of this matter, you should go to Ling Chen directly to solve it." With that, Zhao YINUO got up and planned to leave.

"Hey, you can't go! You can't go."
