

# Chapter: 3088

At this time, Zhao Yinuo looked at Gu Wang, his eyes filled with transparent liquid, Gu Wang took her into his arms and comforted her softly.

“Enoch, please, forgive us.”

“Yeah, Enoch, we were all wrong before. You, my lord, don’t care about the villain, so please forgive us.”

Forgive them? They pushed all the matters of human life to themselves, and now they still have the face to ask for forgiveness? How absurd!

“Leave it to the police.” Zhao Yinuo said to Gu Wang, and then got into the car not far away. They bullied themselves before, but now that they have lost their memory, they still haven’t forgotten to bully themselves, why should she be soft-hearted and save face for them?

Well now, after entering the police station, they will no longer do anything.

Sometimes, you should teach some people a lesson, otherwise, they are really kind and easy to bully!

“Are you alright?” Gu Wang stroked her hair gently and asked distressedly.

Zhao Yinuo snuggled in his arms, just nodded lightly and didn’t speak, as long as he was there, everything would be no problem.

She suddenly felt that, slowly, she had become dependent on this man.

“Fool, if you can’t remember some things, then ask Mrs. Lin. Mrs. Lin knows all about the past better than anyone else.”

Gu Wang kissed her forehead and said quickly.

Yes, in the previous days, she had been living with Mrs. Lin, and Mrs. Natural knew herself very well.

Things have ended like this, and gradually, everything has returned to its previous calm.

Zhao Yinuo and Gu Wang love each other, Shangguan Nana and Shen Jue, Ling Chen and Li Ling, Lynx and Zhou Yang, all of them are very happy, this is what Zhao Yinuo wants to see most.

It’s just that Tianxiang, but he can’t let go of Zhao Yinuo.

“President, are you really letting go like this?” In the office, the assistant raised his head and asked Tianxiang next to him.

Let go? Why let go? Tianxiang clenched the corner of his clothes tightly, his expression very fierce.

That’s right, Zhao Yinuo and Gu Wang are indeed together now, but this does not mean that they will be able to enter the palace of marriage smoothly in the future.

Gu Wang, that stinky man, must not know that his company has begun to face crisis by now! A terrifying cold light flashed in Tian Xiang’s eyes.

“How’s the preparation going?” Tian Xiang turned around, looked at the assistant in front of him, and asked coldly.

“Everything is ready, just waiting for your order.” The assistant replied firmly.

Very good, Tian Xiang half-squinted his eyes and looked out the window, lost in thought.

“Tell them that the plan can be implemented.” After a long time, he said slowly to the assistant. After all, this war is still coming, Gu Wang, then let’s wait and see! You must be in a hurry to decide the outcome with me!

“Mr. Gu, something happened!” The assistant rushed into Gu Wang’s office and shouted in a panic.

“Big brother, something really happened.” Bobcat said immediately.

What can happen now? What’s all the fuss about? Gu Wang raised his head, cast a glance at the two of them, did not speak, just continued the work at hand.

The assistant and the bobcat wandered anxiously, their expressions very helpless.

“Brother, don’t keep calm anymore, those clothes, those clothes to be exported are gone!” Bobcat shouted loudly.

Suddenly, Gu Wang’s pen fell to the ground.

what’s the situation? Haven’t the clothes for export already been sent to the ship? Gu Wang looked suspiciously at the two people in front of him, and was very curious.

“Brother, we have already sent those clothes to the boat, but who would have known that the boat would have sunk halfway, and all the clothes were gone.” Lynx said embarrassedly.

For a moment, Gu Wang was stunned, “Where are the people? How are the people on the boat?”
