

# Chapter: 3096

“What am I missing? Although I am busy in the back kitchen, you are also busy in the front hall.”

It seems reasonable to say so. Sophie stroked the hair on her forehead and smiled, “Zhao Yinuo, thank you!”

And Gu Wang next to him, listening to all this, his expression was a little dignified.

It’s not that he is dissatisfied with the income distribution discussed by the two of them. It’s just that he doesn’t want his beloved woman to work in the kitchen all the time. They can hire someone to do it. It’s better for two people to sit in the front hall and be the boss. ?

“What’s wrong?” Zhao Yinuo sat next to him and asked softly.

“Aren’t you going to hire staff?” Gu Wang asked.

What staff please? This gourmet restaurant has just opened, and they should naturally be cautious about some things.

“Don’t worry, after a while, it will be stable. Sophie and I will discuss this matter.” Zhao Yinuo replied immediately.

What is there to negotiate? Even if it does lose business, so what? They are not bad for money, everything is just a decision made by Sophie on her own initiative.

But Zhao Yinuo knew exactly what this gourmet restaurant meant to Sophie, so they wouldn’t give up easily.

“Mom!” Suddenly, just when Gu Wang wanted to say something, Liangliang ran over, extremely happy.

“Mom, our class wants to hold a party.” The child whispered, snuggling in Zhao Yinuo’s arms.

That’s good, you can let them go directly to the gourmet restaurant to meet, the two hit it off and completely forgot the existence of Gu Wang next to them.

Soon, Liangliang gathered all the students in the class and went directly to Zhao Yinuo’s gourmet restaurant. The atmosphere was strong, and everyone was very happy, including Zhao Yinuo and Sophie, until something happened.

“Liangliang, I seem to have seen your mother somewhere.” Suddenly, a boy said beside Liangliang’s ear.

How come you haven’t seen this? Zhao Yinuo attended parent-teacher meetings and parent-child activities. It’s no wonder that the classmates in the class don’t know each other!

“I remembered, I saw your mother in the newspaper!” Suddenly, the boy shouted loudly, and all of a sudden, the air was quiet.

In the past, Zhao Yinuo was framed by many people, and naturally he also appeared in newspapers.

“Has your mother been a junior?” the boy continued to shout.

The atmosphere around was very embarrassing. Sophie, who was next to her, was stunned when she saw all this. When did Zhao Enuo become a mistress? There was suspicion in her eyes.

With her character, how could she be a mistress? Could there be any misunderstanding here? Sophie stared at the children in front of her, she was very upset. These children like to gossip and talk nonsense behind their backs!

“Don’t talk nonsense! My mother is not a junior! That’s someone who framed her!” Liangliang hurriedly explained. He knew very well in his heart that his mother was completely framed by others when he came out back then, but because of his soft-heartedness, Zhao Yinuo never pursued it.

“You can pull it down! At that time, everyone said that your mother was a mistress, and you were still denying it.” The boy stubbornly held onto the topic and refused to give up.

It seems that he did this on purpose! Sophie looked at the scene in front of her, clenched her fists, and walked directly to the group of children.

“Hey, hey, this is my place. If you don’t want to eat, leave now! What nonsense are you talking about here?” she shouted to the boy who was picking on things.

The students next to her were really frightened when they saw Sophie’s cold appearance.

“What I said is the truth! Otherwise why would she divorce that man named Gu Wang?” The boy continued to roar.

For a moment, Sophie felt annoyed in her heart, this damn stinky guy, who doesn’t understand anything, is just talking nonsense here!

“Hurry up and leave! Hurry up, I’ll tell you, I will exempt you from the bill for the sake of bright face, don’t find fault with me here!” Sophie pointed to the children in front of her, said.
