

# Chapter: 3103

what's the situation? Sophie turned around immediately and looked at Tianxiang who was walking slowly with a large bouquet of roses.

This is... the male god confessed to himself? Could she be dreaming? She immediately rubbed her eyes, trying to see everything in front of her.

"Would you like to be my girlfriend?" Tianxiang walked in front of her and asked softly.

The few people around looked at this scene and smiled slightly. Finally, Tianxiang found his love, and finally, Sophie had a good home.

Ling Chen hugged Li Ling tightly, Shen Jue took Shangguan Nana into her arms, Lynx supported Zhou Yang, who was pregnant, all of them looked very relieved.

"I do!"

A "I do" sounded the scene immediately.

"I thought I had no chance at all." Sophie said softly with a trembling voice, looking very coquettish.

Fool, love is a magical thing. Before that, he always thought that Zhao Yinuo would exist in his heart for a lifetime, but now Sophie has become his love.

Tianxiang thought about it clearly. In fact, his feelings for Zhao Yinuo were more of a kind of unwillingness. He was not willing to lose to Gu Wang, and he was even more unwilling that Zhao Yinuo ignored him.

Now, it doesn't matter to him anymore, he already has Sophie, for him, Sophie is everything to him.

"Hey, congratulations, congratulations." Shangguan Nana ran over and said quickly, with a very excited expression.

"To grow old, be happy!" Li Ling walked over slowly and said in a low voice.

Seeing the happy looks of these people in front of her, Sophie was very moved. From their disapproval of herself at the beginning, to the blessings they gave her now, she became more and more happy...

Finally, the few of them turned their battles into jade and silk and walked together.

No one would have thought that Tianxiang would still cooperate with Gu Wang, and Ling Chen would let Zhao Yinuo go, but now, each of them looks very happy.

But the good news doesn't stop there.

"What? What did you just say? Are you pregnant? Is it true?" Shangguan Nana held Zhou Yang's arm tightly and asked quickly.

"What are you talking about? Pregnancy, how can it be fake?" Zhou Yang lowered his head and slowly answered.

All of a sudden, the people around were excited again.

"Hey, I have good news for you! Zhou Yang is pregnant! Really! She is pregnant with a baby of Lynx!" Shangguan Nana shouted as she ran.

In an instant, everyone knew about this. Gu Wang looked at the lynx next to him and felt very relieved. Finally, they were really reconciled and had their own children.

"Hey, okay, you are quite fast!" Ling Chen lightly tapped the lynx's chest and said quickly.

"That's right, hey, Bobcat, are you going to propose to Zhou Yang?" Shen Jue who was beside him suddenly asked.

In an instant, all the eyes of the man turned to Lynx, which made Lynx a little embarrassed. He replied in a low voice, "What? I've already asked her for it."

What? Lynx has proposed to Zhou Yang? When did this happen? Shangguan Nana, who was not far away, was very curious when she watched that scene.

"Hey, hey, Zhou Yang, come here, I have something to ask you." She pretended to be serious and said loudly.

Zhou Yang immediately tidied up his clothes and walked over slowly with a look of anticipation.

"What's your situation? Lynx proposed to you, why didn't you tell us?" Shangguan Nana asked deliberately.

What is there to say? Besides, marriage proposal is a matter of two people, why should she tell everyone else about everything between her and Lynx?

What's more, he is not the kind of person who likes to be busy.

"You know, I don't like fun very much." Zhou Yang tugged at the corner of her clothes and answered immediately.
