

Chapter: 3105

what's the situation? Isn't it early? Shangguan Nana looked at the watch on her wrist with a displeased expression. After all, whoever was pulled up early in the morning would not be happy.

"Slow down, really, I'm a woman, okay? Not as fast as you." She shouted loudly as she ran after Shen Jue.

At this juncture, Shen Jue didn't care whether she was a woman or not, and whether she was tired or not. Such an important day should not be delayed because of their lateness.

On the other side, Ling Chen and Li Ling, Lynx and Zhou Yang are also in the same scene.

"Why are you, why are you so anxious? It's still early!" Zhou Yang said breathlessly.

"Oh, it's getting late. If we don't leave, we really won't be able to catch the plane." Lynx replied while supporting her.

airplane? what's the situation? Zhou Yang turned his face away and looked at the person in front of him with suspicion in his eyes. Today is their wedding day! Why are you suddenly going to the airport?

What the hell is the lynx doing? Zhou Yang suddenly stopped and looked at the person in front of him carefully, feeling very unhappy.

"Tell me clearly! What's going on? Why do we have to catch a plane? Aren't we going to have a wedding?" Zhou Yang frowned tightly and asked loudly.

All of a sudden, the lynx fell silent. Oops, she was going to surprise her, but it seemed that she really couldn't hide it.

"Our men have already discussed it and want to give you a surprise."

Suddenly, Zhou Yang understood.

She patted the lynx on the shoulder lightly and smiled with satisfaction. These men also seemed to be quite sentimental, and the corners of her mouth evoked a radian.

At this time, Zhao Yinuo and Gu Wang had already appeared at the airport. The two of you looked at me and I looked at you. They were very anxious.

"Why haven't they come yet?" Zhao Yinuo looked around and hurriedly asked.

Who knows? Every time those women go out, they are chasing and dawdling, and they are just like Zhao Yinuo.

Gu Wang pulled her into his arms with a force.

In fact, Gu Wang didn't plan to hide from Zhao Yinuo from the beginning about the matter of traveling abroad and getting married. Naturally, the two of them were the first and smoothest couple to go out today.

"I said you two are too unkind? Why didn't you tell us anything?" Shangguan Nana shouted as she ran over.

"Yeah, I only learned the news today." Li Ling also ran over with a displeased expression.

Immediately afterwards, Zhou Yang gently stroked his stomach, and with the help of the lynx, he also slowly walked over. Several people gathered together, and after a short rest, they boarded the plane directly.

Zhao Yinuo has always longed for a travel marriage, but now, she has finally fulfilled this little wish.

"Thank you." On the plane, she snuggled into Gu Wang's arms, and said with a moving expression, Gu Wang's hand around her waist increased a little more, with a very relieved expression.

He kissed her forehead lightly, feeling very satisfied, as long as she was happy, he would be happy too.

Soon, the plane landed, and several people went directly to the beach.

The women thought that they had to start planning all over again, but they didn't know that in fact, Gu Wang and the other men arranged everything.

"Wow!" Seeing the scene in front of her, Shangguan Nana immediately screamed.
