

Chapter: 3118

An Ning didn't have anything, and his clothes were poor. He went back to his room and tidied up briefly, and the package was finished. When she was about to go out, she took a deep look at the house where she had lived for more than ten years. Although she didn't feel it on weekdays, she was really reluctant to leave. This time, I'm afraid it will be a lifetime.

Finally ready to hit the road.

An Ning looked at An Yue's large and small bags, as well as the dozen big red coins that Cai Genhua had given her, and then looked at herself, there was a broken plastic bag with two pieces of laundry in her hand, and nothing else.

It's heartbreakingly shabby in comparison.

Xiao Ren, who was next to him, seemed to be unable to bear it any longer. He picked up An Ning's burden and asked her in disbelief, "That's all?"

An Ning showed a calm smile, and then nodded, as if such a thing was normal.

An Yue rolled her eyes secretly at An Ning and Xiao Ren. As soon as one foot stepped out of the threshold, she was stopped by Cai Genhua, who was chasing after him. The group turned around and saw Cai Genhua rushing up to hold An Yue. With tears in her eyes, she told her: "When you get to the city, you must always call mom, Xiaoyue."

Facing her poor and bitter mother, An Yue did not hide her disgust at all. She thought that she had just cleaned up a lot of rubbish for me, and it was already a shame for me. Now she is holding on to it again.

She put aside Cai Genhua's hand and said impatiently, "I know, I know, you can go back quickly, it will delay the crew's time for a while!"

Seeing Cai Genhua being so kind to her biological daughter, An Ning's nose is a little sore. If her own mother hadn't died, maybe she wouldn't have ended up in this kind of field.

An Yue shook off Cai Genhua's hand and got into the car, while Cai Genhua wiped her tears, turned her head and walked towards An Ning, reluctantly took out a hundred yuan and put it in An Ning's hand, "Go over there and take good care of your sister.!"

"Yeah." An Ning nodded coldly and agreed, waiting for the car to start, seeing Cai Genhua wiping tears behind her, she really felt it was not worth it for her.

In the last life, only a few months after An Ning and An Yue left, Cai Genhua fell ill and still had cancer. She went to An Yue dozens of times, but An Yue avoided him.

When she was about to die, she found An Ning, An Ning was soft-hearted, and took her to see a doctor. However, she went to the hospital for less than half a month, and she didn't see her biological daughter until she died.

However, with An Yue's temperament, this is not surprising. When she was popular at the time, wouldn't she lose face when such a poor mother came to her door? How could she be willing to talk to Cai Genhua? She wished that Cai Genhua would find a place where no one else would die, so it's best not to involve her!

This kind of person who can even risk his own mother's life, what's so strange about harming himself... An Ning clenched her fists and looked gloomy. She swears that in this life, whether it is Cheng Hao or An Yue, she will not let them have Good end!

The road was bumpy, and the scenery along the road slowly changed from the mountains and forests to the bustling city blocks. Anyue was like Grandma Liu entering the Grand View Garden all at once. Everything she saw was so novel, she said it was something she had only seen on TV.

And An Ning was much calmer. In her eyes, all this was just the most ordinary sight, but all of it reminded her of the painful past in her previous life.

The scene before her death in her previous life kept appearing in her dreams recently, and she would never forget a word of what they said.

Suddenly, as if thinking of something, An Ning couldn't understand another sentence he heard before he died.

"President An just wants my sister to die..."

An Ning tried her best to recall her previous life, and she had the impression that she didn't know a person called President An, who was next to Cheng Hao.

Who is this President An, and why does he want to die? An Ning believes that she has never regretted anyone in her previous life.

At that time, she had just signed the contract, her sense of existence was so low, and she had always existed as An Yue's foil. Seeing that An Yue became popular because of Director Wu's advertisement, she was praised as the first sister by the company, surpassing the current popularity Actress, Tang Qian.
