

Chapter: 3122

“If I ask her to wear it, she has to wear it for me. Is it your turn? Oh, An Ning, if you don’t want to do it, get out of here!”

Looking at Tang Qian’s originally beautiful face, An Ning felt a little disgusted at the moment.

Tang Qian said while talking: “The assistants are so bold now? David, did you tell Sister Luo that I want an assistant, not a star who wants to be served!”

This time, even if An Ning’s brain is not working well, he knows that David is behind the scenes.

She is nominally a new artist brought by Sister Luo, which has already touched Tang Qian’s bad head, but An Ning is not a soft persimmon.

“Sister Qianqian, don’t make fun of me.” An Ning said while holding up Tang Qian’s high heels, “My sister is a real artist, I’m just an ordinary assistant.”

“An Yue? What is she!” Tang Qian angrily slapped her hand on the table and stared at the advertisement copy on the table. It seemed that the copy had An Yue’s face on it, and she had to burn that face. Come out of a hole!

An Ning wanted this effect. She just said a few words and ignited the fire between An Yue and Tang Qian.

How can a powerful and popular female star like Tang Qian tolerate other people’s ideas beyond their own? She immediately transferred all her anger towards An Ning to An Yue.

David was even more helpless. He didn’t want to stir up differences. It was An Ning that forced him to name An Yue. Thinking of this, David glared at An Ning, but An Ning didn’t care at all. Tang Qian hates An Yue, and is hated by a David, what is it?

Without Tang Qian’s difficulties, An Ning was finally able to get off work a day earlier, and returned to the rental house, and An Yue just came back. At this time, An Yue’s whole body was completely new, and she didn’t have the appearance of that country girl at all. A hipster girl in town.

Seeing that An Ning was so tired that he was almost paralyzed, An Yue sneered: “Hey, if I were you, I would leave, obviously rushing to the big star, but I ended up being an assistant, and to put it bluntly, it was a servant girl... Haha, An Ning, I’m all for you Are you tired!”

“Really, I think it’s pretty good, and it’s not bad to follow Sister Hui. At least today, I also saw Yang Qingfeng, the male star you like very much.” An Ning deliberately made a nympho look, look Dean Yue was furious: “What’s so great! Sooner or later, I will step on Tang Qian under my feet. What qualifications does that old woman have to know Yang Qingfeng!”

After all, An Yue entered the bedroom angrily and slammed the door slammed.

For the next period of time, An Ning lived smoothly. Seeing that Tang Qian would ask a few questions about An Yue’s situation from time to time, she knew that the two people’s relationship was forged!

An Yue is not yet the company’s favored object. If Tang Qian really wants to deal with her, it will be an easy task. Unfortunately, the two have not had the chance to meet until now, and Tang Qian will naturally not stare at herself all day long. People who haven’t seen it, don’t have many days, and leave An Yue behind.

The abacus failed, and An Ning had to find another way out. All in all, An Yue must not be allowed to become more popular than herself!

Thinking of this, An Ning suddenly remembered that the reason why An Yue became popular in her last life was because of a first-line perfume advertisement that Tang Qian pushed down.

At that time, because of Director Wu’s advertisements, An Yue had already been sought after and paid attention by some people, and she was named the representative of Shengtian Entertainment’s appearance, which also made Tang Qian very unhappy. In a fit of anger, they ran the perfume advertisement, and the investor urgently activated the most potential newcomer, An Yue, and it was precisely because of that advertisement that An Yue became completely popular!

First it was a variety of TV invitations, then a variety show invitation, advertisements one after another...Tang Qian turned around and wanted to deal with An Yue, but it was impossible, because at that time, An Yue had become Sheng Tian’s platform Pillar.
