

Chapter: 3124

David was still contacting, “What are you doing there? Go tell Sister Luo and let her find a way.”

What Tang Qian said was a matter of course, but for An Ning, it was another arduous task, and Sister Luo would definitely not agree to it because of Tang Qian’s selfishness.

“What are you still doing?” Tang Qian urged again, but An Ning had no choice but to leave.

An Ning reluctantly turned around and went out, thinking that how could a veteran agent like Sister Luo be because of Tang Qian’s selfishness, not only the funding of the crew, but also the production effect of the whole film... Let her go to Sister Luo, isn’t it just to be scolded?

While frowning, An Ning turned around and walked out of the studio. When she came to the gate, she saw a familiar figure in the distance that made her tremble all over – isn’t that Cheng Hao?

In this life, they met each other several months earlier than in the previous life.

An Ning froze in place for a moment, even forgetting how to move.

In front of him, he seemed to hear a movement. As soon as Cheng Hao raised his head, he crossed An Ning and saw An Yue.

“Hello, morning.”

This was obviously said to An Yue, An Ning suddenly reacted because of this, and looked at her sister as soon as she turned around. It seemed that within a few days, An Yue had already hooked up with Cheng Hao.

On the other hand, An Yue, Cheng Hao’s obviously pleasing voice, An Yue only replied lightly, “Yeah,” and then just saw An Ning, which made Cheng Hao enthusiastic.

“Sister, this is Cheng Hao, our senior.” As if showing off, An Yue introduced Cheng Hao to An Ning.

Seeing that face, the painful memories of the last life seemed to be just yesterday, all surrounded her, making her hate it so much that she couldn’t move... Just when An Ning was stunned, Cheng Hao even waved to her : “Hi, see you again!”

Originally, An Ning was still strange, how could Cheng Hao know him and say hello to him? According to the memory of the last life, he is now a famous idol in Shengtian. How could he know An Ning, such an unknown person, until a cold response came from behind her: “Well.”

An Ning turned around, only to find out that it was An Yue. No wonder she was saying hello to An Yue! It seems that in this life, these two people have also known each other very early.

An Yue was too lazy to talk to Cheng Hao, but when she saw An Ning, she immediately changed a warm face and introduced to An Ning: “Oh, sister, this is an artist from our company, and also our seniors, Cheng Hao, Cheng Hao, This is my sister, An Ning, now, doing chores under Tang Qian’s hands.” She deliberately emphasized the word chores, Cheng Hao heard it, and immediately showed a disdainful smile, just nodded slightly to An Ning, and then directly ignored An Ning, Smile at An Yue.

An Ning could only wish to rush to kill Cheng Hao now, but thinking about the pain she suffered in her previous life, how could she be willing if she didn’t return it a thousand times over!

She didn’t want to stay any longer, seeing these two disgusting faces, she was really afraid that she would spit it out accidentally!

After replying coldly “Yeah”, An Ning walked away quickly, and the two people behind him were talking about him immediately.

“She is your sister. How does she feel like heaven and earth compared to you? Hehe, forgive me for telling the truth.”

An Yue covered her mouth and chuckled, and many people next to her began to talk, “Yo, you are really poor, An Yue, aren’t you born by a mother?”

“Not really, hehe!”

“Tsk tsk, Sheng Tian is still playing the one-for-one scheme, hahaha.”

An Ning ignored her and asked when Sister Luo was coming back. She just waited inside, and the outside seemed to be lively again.

After a while, a little girl came into the pantry, and she looked very strong. An Ning knew that no one thought that this girl was such an inconspicuous girl who eventually became Shengtian’s pillar.

Yu Meng’s eyes were red, obviously she had just been scolded, An Ning silently handed a tissue, then looked at the coffee in Yu Meng’s hand and said, “Your coffee is so hot, be careful not to spill it on your body.”
