## Chapter: 3127

"Come on." Xiaodong gave Tang Qian a look before leaving.

Finally, after everyone left, Yu Meng walked over and said quietly, "Congratulations, sister."

An Ning's concern for Yu Meng is sincere, but seeing Yu Meng now, she really has no way to connect her with the last pillar of Shengtian in her previous life, she just said, "You can too."

The next day, when An Ning arrived at the audition site, he realized that a lot of people had come one after another. Many of them had dealt with in their previous lives. One belongs to the kind of people who come in completely by their faces, which is enough to show that Director Qin's requirements are strict, and some artists who have no ability do not dare to come over at all.

However, not long after An Ning sat down, she saw a person, An Yue came over, and a little assistant followed behind to carry things.

"Hey, sister, why are you here? Are you still here as an assistant?"

An Ning ignored her, but she didn't understand how An Yue got the chance to audition.

"What? Don't dare to speak? Don't even look at the commercial you shot. If it were me, I would go home in despair."

An Yue deliberately mentioned Director Wu's advertisement, and An Ning understood that, probably because of this, Sister Luo got An Yue the opportunity to audition.

"Sister Luo shouldn't like artists to cause trouble everywhere, right?" An Ning reminded her when she saw that many people were already looking over here.

But An Yue would easily let go of the opportunity to ridicule An Ning, and when she saw the script in her hand, she dragged it directly, and when she opened it, she was even more angry.

"Sister Luo recommended you for the audition?" An Yue's face was distorted. She originally thought that Sister Luo looked down on herself, and deliberately emphasized that this audition opportunity was rare. Who knows, when she turned her head and saw that An Ning had a chance, Moon is unbalanced.

"Yeah." An Ning's simple answer really pissed An Yue, but she still

didn't hesitate: "Hmph, what about playing Minmin? With me here, there would be no drama for you!"

From childhood to adulthood, An Yue was used to robbing An Ning's things. Before, Cai Genhua pampered her, and now Sister Luo treats her well, so An Yue has long thought that all this is taken for granted.

After several provocations, seeing that An Ning did not speak, An Yue also ended up being bored and went to find a place to stay by herself. It just happened that it was still early, and An Ning took out his mobile phone and watched Director Wu's advertisement on the Internet.

"Begging for human flesh, what's this girl's name? She's ready to debut."

"Wow, it's so pure, the girls in the mountains are so pretty."

. . .

"Upstairs, look at the girls in the background, the genes are good."

"I can lick the beauty of this beauty for a year. The beauty of the 5,000 years of China is talking about her, right?"

An Ning fell from the top, only to realize that he had completely become a background board, and everyone's attention was focused on An Yue's face and figure.

The same advertisement, An Yue can be said to be popular, no wonder she is qualified to audition today. However, An Ning's face was also calm. The result was the same as in her previous life. An Yue's face brought her more than that.

But An Ning is curious, which role did An Yue come to audition for today? Judging from An Yue's reaction just now, it must be Princess Minmin too.

The audition for the male and female protagonists ended yesterday, and today will be the audition for the male and female No. 2, the male and female No. 3, and the villain No. 1 and 2.

"No. 36, Shengtian Entertainment, An Yue."

An Yue walked in front of An Ning arrogantly, and was very proud of the convenience of jumping in the queue even though she was a latecomer.

After entering, I looked at the stage slowly for a long time, not forgetting to make eye contact with each judge, and then just a simple self-introduction, which really attracted the favor of several investors. With this face, he brings his own topic.
