## Chapter: 3129

After An Ning introduced himself, he waited for a long time, and finally a man with a livid face asked aloud.

Director Qin sat in the middle, not even raising his head at all, as if he just wanted to perfunctory and end things early.

"An Yue is my younger sister, I am my elder sister." After saying this, Director Qin looked up slightly.

"Didn't you say you don't need newcomers anymore?" The investor responded and expressed dissatisfaction, and the quality of the auditioned artists was getting worse and worse.

The investor asked about Director Qin, full of suspicion, mainly because An Ning did not have any special features, and the two sisters who came up one after another made the judges very dissatisfied.

"Okay, Miss An, you can go back and wait for the news." After a while, Director Qin said directly, without any intention of letting An Ning perform.

An Ning was stunned. To say that there was a definite candidate before him, at most, he would not continue the audition. But he let himself in again, and was at a loss for a moment.

For the director, there can be many actors who play Minmin, but for An Ning, there is only one.

"Director, please give me three minutes." An Ning could not give up this opportunity.

In fact, this was a question that could not be refused, and An Ning finally got three minutes.

"Go ahead, you only have three minutes."

Ignoring the investors' doubts, Director Qin kept a straight face and said directly to An Ning. Logically speaking, Director Qin didn't want to give more for a minute, but for some reason, looking at An Ning's eyes, there was a sudden movement.

Or, the sisters are really different, as expected—

As soon as Director Qin's voice fell, everyone had to hold their breath, and even couldn't move, because the feeling of An Ning suddenly changed.

Although he was still wearing ordinary clothes, his temperament was completely different. If Anning was just an ordinary little white flower in the crowd before, now Anning is a piranha.

Yes, she stared in the direction ahead, her eyes suddenly turned red, her eyes were wrapped in their sockets, and they were about to fall.

The producer suddenly tightened the placket of his shirt as he watched it. For some reason, he felt a gust of cold wind blowing in behind him, and even his back felt a sudden gust of cold wind.

An Ning is now completely different from the previous one, and the eyes that were usually unremarkable have become extraordinarily ecstatic.

That look makes you have no doubt that the person standing in front of her is Princess Minmin herself, and in front of Princess Minmin is the prince of the enemy country. When asked why she framed the heroine, Minmin opened her mouth unconsciously, but in the end she didn't speak. , A trace of red silk gradually appeared on his face, and he stared at the prince in a daze, stubborn and arrogant, but it was understandable.

Director Qin's originally stern face gradually stretched out due to the changes in An Ning's performance. Although he still did not speak, he

revealed the first upwardly raised corner of his mouth since this morning.

Just now, he was still questioning An Ning's investors, but now his eyes are straight at An Ning, "...Minmin!" He murmured unconsciously.

Over there, An Ning did not stop. From the beginning to the end, in order to take a look at this side, she didn't even know that there was one more person on the stage. After a while, she was waiting for the Prince's answer. Well, in the end, I couldn't wait for the prince's words, the expectation on Minmin's face faded a little bit, and then a darkening shrouded, slowly the hope in his eyes disappeared, and when he looked up at the prince, his eyes suddenly became dark. Qingming is clear, but there is no expression, "You really don't want this princess?"

This sentence, Minmin said in a positive tone, without a trace of sluggishness or expectations, just like stating a fact.

## "Good, good, good!"

An Ning's performance ended with Director Qin's three "goods" in a row. It was not that there was no actor who could play Minmin's stubbornness before. But here, all the artists take it for granted that Minmin should be full of hope.
