

Chapter: 3131

This is the opportunity that An Ning is waiting for. After Yang Qingfeng was drunk in her last life, the heroine who made a scandal was an amateur, and she could attract so much attention. In this life, she will become the protagonist of the scandal.

Naturally, being tied to Yang Qingfeng, the issue of attention and tranquility no longer needs to be considered.

The only thing that makes An Ning hesitate is that this kind of bottomless speculation is really an unpopular technique. Many 18th-tier starlets often like to do it, but even if they are popular, they are despised by the entertainment industry. It's just an extra piece of black material in the romance career.

In his last life, Cheng Hao made An Ning to make more money, so he also made An Ning hype. The director of a wealthy businessman will appear on the hot search almost every few days. The reputation is also corrupted little by little.

But now she has no choice. Without Yang Qingfeng, she can't get the role of Minmin at all.

To gain something, you have to make sacrifices.

The ONE bar club is just across the street from where An Ning lives. Fortunately, there are several good cafes. An Ning brought a book and began to wait for the rabbit to make everything seem less deliberate.

I waited for two days in a row. In the deep winter weather, An Ning could only wait. Fortunately, Tang Qian was busy with her own affairs these days, so An Ning should be more relaxed during the day.

During the daytime on the third day, Director Qin called: "An Ning, right? Minmin's role really can't be retained."

"Director, give me one more day, one day will be fine."

Director Qin let out a long sigh, very embarrassed, but agreed to An Ning's request.

This night, there was no difference from the previous two days. At around ten o'clock, the cold wind gradually entered the bone, and twos and threes of drunk people began to go out in the ONE bar.

But it wasn't Yang Qingfeng. Just when An Ning felt that it was probably not today, a man entered at the end of his line of sight.

Although I have never seen Yang Qingfeng in my life, the aura of a star is really different from the temperament on her body. The drunk Yang Qingfeng can't even walk steadily. An Ning recognized this person at a glance. wait.

An Ning walked over in such a straight way, as if there was no one in front of her, until she bumped into Yang Qingfeng, suffered a pain, and fell into his arms instantly.

Yang Qingfeng's vision was hazy, and he only felt that a figure suddenly appeared in front of him, and then he felt that he had landed on a large warm bed. He stretched out his hand and embraced An Ning in his arms.

Although An Ning had already made preparations, but suddenly being hugged by a bear like Yang Qingfeng, it still felt like a stone was suddenly pressed on him, and the strength was not light.

In the dark, An Ning heard the sound of the camera crackling, and the corners of her mouth rose. She knew that Minmin's role was safe.

"No... I'm sorry, I bumped into you."

"Who are you?" Yang Qingfeng's eyes were hazy, still hanging on An Ning.

Fortunately, his assistant hurried out with his clothes and bag in the back. When he saw this scene, he thought that Yang Qingfeng had frivolous other girls, and kept saying, "I'm sorry, I'm sorry."

An Ning said apologetically that it was okay, handed Yang Qingfeng to his assistant, and left by himself.

This night, An Ning dreamed of those who bullied her in her previous life, An Yue, Cheng Hao, starting from today, she will not allow others to bully her in the future.

On the second day, when An Ning arrived at the company, he found that the company's atmosphere was very mysterious. Other artists looked at him with inquisitive eyes. There were even two artists who were also at the bottom of the company and deliberately came over to call "Sister", which was almost a cliché. a pro.

"An Ning, what did you do last night?" An Ning has never seen Tang Qian so angry, staring at herself as if she saw the enemy who killed her father.

"Bitch, do you think you can get Yang Qingfeng too?" Tang Qian approached suddenly and said viciously against An Ning's ear.
