

# Chapter: 3139

An Ning did not know how many times he had simulated this scene in his mind, and there was no problem at all.

Xu is because An Ning is a newcomer, and Huang Jingren is afraid of her worries, so he is relatively caring. He told An Ning not to worry and just go with the feeling, while secretly cheering for An Ning, which is quite harmonious.

“Thank you.” An Ning only said one sentence, over there, following Director Qin’s “action”, An Ning entered the state almost at the same time, and even Huang Jingren didn’t respond, only felt that the woman in front of him The child suddenly became a person.

In the background, there is the prosperity of Chang’an Street, and the voices of small traders shouting one after another, but An Ning’s eyes are only Xuanyuan Ze.

Yes, it was Xuanyuan Ze and not Huang Jingren. Obviously, Huang Jingren also found out, and his heart was stunned, and he barely kept up with An Ning’s pace.

“Crack!”

Director Qin had already noticed that Huang Jingren was half a beat slower. Originally, Chen Meimei and Lin Keke were staring at this side. When he heard the director say stop, he subconsciously thought that it was An Ning that was the problem, although Chen Meimei didn’t find any problems.

“Look, let me just say it, how could an artist who can only make his debut based on scandals be able to film.” That expression revealed disgust for An Ning, and Chen Meimei was more psychologically balanced.

“Adjust your state and keep up with the rhythm.” Director Qin was still polite.

“Okay, let’s do it all over again.” As the director’s voice fell, An Ning almost instantly entered the duel mode again. For her, this seemed to have become a subconscious behavior.

Unsurprisingly, although he was already prepared, Huang Jingren still did not keep up with An Ning’s rhythm. After An Ning finished speaking his lines, Huang Jingren reacted after three seconds, and it was too late.

Sure enough, Director Qin stopped, “Huang Jingren, what’s the matter with you?”

“Director, I’m sorry.” Huang Jingren smiled awkwardly without refuting.

It’s true that he didn’t react just now. He really didn’t think that An Ning is a newcomer, but such a skilled acting, no, it can even be said that it is not acting, but reality.

For the first time, Huang Jingren felt pressure during filming. The funny thing is that this pressure came from a newcomer who had never acted in any drama.

When Huang Jingren said this, it was Chen Meimei’s turn to be surprised. She muttered in her heart. She couldn’t figure out why it wasn’t An Ning who was being scolded, and how could it be Huang Jingren. When she played against him just now, she thought Huang Jingren was very good.

On the other hand, Lin Keke, looking at Chen Meimei like this, couldn’t help but say, “Don’t you see that Huang Jingren can’t keep up with An Ning’s rhythm?”

This tranquility is interesting. He is obviously a newcomer, but he can’t even compare to Huang Jingren playing with him. A smile appeared on the corner of Lin Keke’s mouth.

It was Chi Fang, who looked down on An Ning’s expression before, but began to study An Ning’s actions, but he forgot about the fact that he had said that he was having an affair with Yang Qingfeng.

Finally, on the third time, this time, because of the previous experience, Huang Jingren didn’t dare to be careless, so he quickly caught up with the rhythm. The two played a scene without any problems at all. I saw Director Qin smiling, called stop.

“Have you ever acted?” Huang Jingren couldn’t help but ask when An Ning and Huang Jingren came off the stage with only the two of them.

With An Ning’s performance without any mistakes just now, and even faintly able to drive his pace, Huang Jingren’s attitude towards An Ning has completely changed, but he really can’t believe that this is what a rookie actor can do.

“It was filmed once, but I like to read books.” An Ning was referring to Director Wu’s advertisement.

This time, it was Huang Jingren’s turn to be surprised, but the look in An Ning’s eyes was obviously more enthusiastic than in the morning.

The next scene was a scene between Chi Fang and Lin Keke. When passing by An Ning, Lin Keke gave An Ning a thumbs up gesture and said to her, “Well done.” Chi Fang didn’t say anything, but took a good look at An Ning again.
