

Chapter: 3145

But when An Ning finished her makeup and went to choose her clothes, not only did she not have the luxurious princess clothes she wore the previous day, but she also had no more clothes that were a little better.

As for the rest, An Ning took a general look. It was either the clothes worn by the maids or the concubines in the palace. They were very coquettish and completely inconsistent with the role of Princess Minmin.

“What’s going on? What about Princess Minmin’s clothes?” An Ning couldn’t help asking the costumer on the side.

But the costumer didn’t dare to respond directly to An Ning at all, just whispered: “You are a little late today, Lin Yanyan, and the other actors...” The costumer didn’t say anything for a long time.

An Ning was about to say something when he heard the outside field staff urging him to get on the court quickly, but An Ning had no choice but to pick up two pieces of clothes that were probably more suitable, and hurriedly put them on as expected, without even waiting for Zeng Yuan to speak, Qin Dao Lai pays the most attention to details. As soon as she saw An Ning wearing this completely incompatible dress and going out with her scalp, she knew that today was probably going to be a bad day.

His temper came up: “An Ning, are you wearing a sack? Remember that you are a princess, do you understand that you are not a maid!”

Director Qin waved at An Ning, but An Ning was helpless. It wasn’t her fault at all, so she just looked at the director apologetically: “Director, this dress is the only thing left in the costume room.” An Ning looked at Zeng Yuan, finally chose silence.

Director Qin was already very angry, but Zeng Yuan added fuel to the fire: “There are no problems with other people’s clothes, so why is there a problem with you? There are hundreds of actors, you are the only one who has problems, you have too many problems.!”

“What are you doing! Damn, can you film well? If you don’t, I’ll get the hell out of here!” Director Qin yelled at An Ning angrily, but no one in the crew watched the show, because this scene has been seen countless times in the crew happened.

And the reason is why, of course, because An Ning offended Zeng Yuan.

Director Wu Fang is relatively gentle and patient. Even an actor with a big temper like Tang Qian, Director Wu Fang can always face it with a smile, just like the sunshine in the spring.

Qin Chuzhi, on the other hand, was the exact opposite, a well-known violent temper in the entertainment industry. Although his dramas are basically on fire, his temper is really not flattering.

On the other hand, if he occasionally encounters a bigger actor, he will never get the slightest benefit under the leadership of Director Qin Chuzhi. But there is one thing that is considered semi-recognized. Director Qin’s swearing is a golden sentence, and the actor has nowhere to show it. Director Qin scolds artists for the sake of their better growth.

“Hurry up and change your clothes, or you won’t be acting today.” Director Qin looked back at Zeng Yuan, but still said to An Ning in a roaring voice.

Although he probably understands it in his heart, he doesn’t care about these details. Director Qin only wants the progress of the shooting, not that the actors use these personal issues to disturb the shooting.

After being scolded bloody, An Ning could only accompany him with a smile and immediately change, Zeng Yuanchun was proud.

In the past few days alone, An Ning has been arranged by Zeng Yuan to put on small shoes for her countless times. First, plastic toys fell out of the cuffs of her clothes during the scene, and then no one notified the correct appearance time, or deliberately notified the wrong one. During the shooting time, Director Qin was scolded many times.

It was really embarrassing at first, but gradually, the whole group seemed to get used to it and stopped watching An Ning’s jokes.

Because of An Ning’s many mistakes, he has been scolded by Director Qin and made trouble by Zeng Yuan, but fortunately, Director Qin never really wanted to drive An Ning away, every time it was just a storm.

As a result, An Ning is also very suspicious. Director Qin is also fully aware of Zeng Yuan’s deliberately making things difficult for him. No matter how bad it is, he must have seen some clues.

So An Ning just kept laughing and apologizing. Anyway, as long as Director Qin didn’t deny her acting skills, there would still be a chance for her.
