

Chapter: 3176

An Tianxiang's pupils contracted slightly, staring at Yang Ning's every micro-expression carefully, waiting for her answer.

"Of course I know. When the beautiful orphanage was built in Longquan Village, I also wanted to live in it. Those houses were so beautiful." Yang Ning patted his pants and stood up, trying to pretend to be yearning and simple, thinking back The orphanage that stood out in the grey countryside.

After the words fell, An Tianxiang's expressionless expression suddenly seemed to crack, and gradually revealed a little bit of confusion. He stared at Yang Ning in front of him, and his calm eyes seemed to make waves.

He asked, "What's your name?"

Yang Ning was not disappointed by the relationship on "Peerless Beauty", but he failed to make him remember him, and said sincerely, "My name is Yang Ning."

Yang Ning.

Yang Ning.

Almost for an instant, An Tianxiang's brows were tightly furrowed. He looked at the ordinary-looking woman in front of him, and his head seemed to be aching again...

"President, are you alright?" Seeing him holding his forehead, the secretary next to him hurriedly stepped forward to say hello, but was pushed away by An Tianxiang.

He raised his eyes and stared at Yang Ning in front of him. For a long time, he threatened with extreme indifference: "If I know that you are plotting against me, I will not let you go."

Yang Ning was shocked by this sentence for a second, and then returned to normal. She pretended not to understand, and stared at the person in front of her with doubt and naivety.

"I don't quite understand your words."

"Not knowing is the best, I will come to you again, Yang Ning." An Tianxiang gave her a meaningful look, turned his head and left the shed.

Seeing that An Tianxiang was far away, everyone started busy with their own affairs.

"Yang Ning, what exactly is your relationship with An Zong!" Yang Yue's nails had already been pinched into her flesh, and she grabbed Yang Ning's arm fiercely, questioning hysterically, wishing she could break it off.

"It's like the relationship you saw." Yang Ning sneered and stepped on Yang Yue's foot with high heels. She immediately screamed in pain and shook off Yang Ningde's arm.

"You bitch! Don't think you have climbed An Tianxiang! You ugly duck, how can you compare to me!"

Yang Yue had already been driven crazy by the blow of the day, she couldn't notice the strange eyes of the people around her, and she went wild under the stage.

It seems that Zheng Tao leaves her alone, and Yang Yue can offend everyone in the entertainment industry.

"Hehe, I think, you look more like a shrew?" Yang Ning smiled and sneered back. Just as she was about to leave, Yang Yue stopped in front of her again.

"You still want to shoot an advertisement with me, and you want to leave now?"

Yang Yue didn't know what medicine was sold in the gourd, and she suddenly became completely immune to Yang Ning's ridicule. She raised her chin and didn't mean to let her go.

Yang Ning didn't expect Yang Yue to make such a move all of a sudden, she was really angry, she squinted her eyes, her eyes were sharp: "Why, you stumbled me when you wanted to shoot an advertisement? I'm really sorry, I'm a Free man, you can't stop me."

Extending his long arms, Yang Ning looked indifferent and wanted to push Yang Yue away, however, she was restrained by her backhand, only to hear her say: "The purpose of your visit today is for An Tianxiang, right? You also deliberately framed me!"

As soon as these words came out, Yang Ning was stunned for a while, but in just two months, Yang Yue's IQ seemed to have finally improved, but she would not admit it.

Yang Ning snorted coldly, shook off her hand, and glanced at Yang Yue's angry and resentful face with a light smile. It turned out that one day, he could make her look like this.

"Sorry, no comment."

Raising his hand, Yang Ning waved goodbye to her pretending to be polite, but in Yang Yue's eyes, the proud back in front of her was an indelible shame in her life.

After leaving Tianhua's studio, Yang Ning was in a good mood, Xiaodong followed behind her, and her expression became more and more silent.

It seems that she already knows what happened in the studio just now.
