However, no matter what, she will never be vague about the position that needs to be expressed.

“Really, this matter is here for the time being.” Hou Dao didn’t want to continue to investigate. Although he didn’t know the contradiction between Tang Qian and Yang Ning, this time he could see that Tang Qian was here to spoil the situation. .

After saving his face, he naturally wouldn’t help Tang Qian.

“But, Director Hou...”

She didn’t see Yang Ning being scolded severely, how could Tang Qian give up in her heart? She spoke weakly, with a look of pity to me. Unfortunately, Director Hou is not a person who loves fragrance and cherishes jade.

He waved his hand with an impatient look on his face: “Call someone to take you back, let’s just leave here today.”

Hearing this, everyone looked at each other in dismay, but after seeing the waiter leaving, he only cared a few words about Tang Qian, and then slowly started to leave the hotel.

Tang Qian didn’t expect that no one was caught in the trap she deliberately made. She was quite annoyed and overturned everything on the table, and stood up enduring the pain in her ankle.

“Yang Ning, stop for me!”

They had already walked to the door, and Yang Ning was stopped by Tang Qian’s roar. On the side, Chi Fang, who had been talking to Yang Ning, was attracted by the voice and looked at Tang Qian at the same time.

“Showing your true nature so soon?” Yang Ning looked at her limping towards him, that arrogant attitude finally turned into a crippled cripple, and felt quite relieved.

“Are you very proud?” Tang Qian keenly caught the sarcasm in Yang Ning’s eyes, she clenched her fists and clenched her teeth: “You thought that if Director Hou let you go, the reporters who were still outside would also let go. you?”

Hearing this, Yang Yue chuckled lightly, folded her arms, and teased: “You seem to want to see me make a fool of yourself, I don’t know if the reporters outside will let me go, but you really won’t let me go. ”

Her relaxed attitude was like mocking her for being overly capable. Tang Qian only felt that her heart was raised in her throat, and her face immediately flushed.

She pointed at Yang Ning’s nose with a fierce look in her eyes: “Why do you fight with me, you are an ugly girl who was expelled from Shengtian!”

“It’s too ugly.” Seeing that he couldn’t watch it anymore, Chi Fang suddenly spoke up, interrupting Tang Qian’s chattering words: “A popular star, doing these degrading things really humiliates your identity. ”

Everyone present actually understood what was going on, and a smart girl like Chi Fang understood Tang Qian’s skills even more.

This unscrupulous woman can do anything in order to harm others.

“Where did you come from? Dare to intervene in my affairs!” Tang Qian turned her eyes and saw Chi Fang’s unfamiliar face, her heart was burning even more.

An unknown person dared to take her words!

“Tang Qian, stay awake.” Seeing this, Yang Ning on the side immediately stood in front of Chi Fang, the expression on her face sank, she didn’t want to involve unrelated people.

“I am not sleepy.”

Tang Qian pursed her lips tightly, her eyes were ice-like, she dragged her lame leg, and suddenly pushed Yang Ning away, aiming at Chi Fang’s face and raising her hand.

However, in the next second, a fiery red slap print landed on Tang Qian’s face. Her hand froze in midair looked extra ridiculous.

“Ah! You bitch, how dare you hit me!”

Tang Qian screamed hysterically, trying to pinch Chi Fang’s neck like she was crazy, but she dexterously avoided it. Yang Ning next to him saw this scene, knowing that this was going to drive Tang crazy. Qian, she quickly took Chi Fang and ran out of the hotel.

After a while, the two returned to Chi Fang’s car out of breath, and the scene in the hotel reappeared in their minds. It is estimated that only Chi Fang, who has a hard backstage, dares to do such a thing.

Yang Ning glanced sideways at Chi Fang, gave her a thumbs up, and sighed with emotion: “It’s amazing my sister, this slap is probably going to make Tang Qian crazy.”
