

Chapter: 3238

Opening the door hesitantly, Yang Ning didn't know what to do in her heart, and her feelings for Yang Qingfeng became more and more complicated. It seemed that after yesterday, she understood something, but she became more and more confused.

“Do you have anything to do with me today?” Yang Ning lowered his eyebrows, the hair on his forehead was slightly messy, and he wore a black hat on his head.

Yang Qingfeng looked at her outfit and sat on the sofa beside her.

He propped his forehead and said casually, “What do you think I have to do with you?”

Yang Qingfeng threw the question back, but Yang Ning silently didn't want to answer.

“If you have nothing to do, just leave. I have to read other scripts today.”

It had only been one night, but Yang Ning felt that a huge valley had opened up between herself and him. She didn't want to face her inner guilt, and she didn't want to say thank you.

Emotions themselves are constantly being cut and chaotic.

She felt that the coolest way to deal with it at the moment was to ignore it.

“Really, it seems that you are more calm than me.” Yang Qingfeng straightened his face, a pair of star eyes as bright as stars, but the dark emotions made it dusty.

Yang Ning didn't want to listen to what he had to say, so he absently removed the phone on the coffee table with a cold expression.

Yang Qingfeng, who was sitting on the side, saw that she didn't speak, and completely ignored him. The anger in his heart could no longer be suppressed. He stretched out his hand and directly grabbed Yang Ning's wrist.

“Are you running away from me?” Yang Qingfeng's face was tensed, his eyes refused to let go of every microexpression on Yang Ning's face, and her rather surprised expression was reflected in her pupils.

Hearing Yang Qingfeng's questioning, Yang Ning pulled his hand away a little irritably, she pretended to be indifferent, in order to cover up the unspeakable unease in her heart: “I didn't run away from you, I don't know what I have to run away from you. Yes, if you want to discuss why I disappeared yesterday, just say so.”

Since Yang Qingfeng insisted on making her the villain, she didn't mind igniting the match.

“Okay, then tell me, after I went upstairs yesterday, where have you been?” Yang Qingfeng sneered, folded his arms and stared at Yang Ning's drooping eyes, his emotions were tangled like wool. .

Yang Ning had already thought about what to say. She raised her head and glanced at Yang Qingfeng indifferently, ignoring the feeling of blockage in her heart, and the emotions in her eyes fluctuated.

“Xiaodong came to pick me up, he took me back.”

“Heh.” Yang Qingfeng seemed to have heard some funny joke. He couldn't help propping up his chin and laughed out loud, but there was only growing anger in his eyes.

“If you're telling the truth, why did this phone fall at the door of An Tianxiang's room?”

Hearing this, Yang Ning's bent back stiffened. She curled her fingers and looked at Yang Qingfeng's mobile phone on the coffee table with a complicated expression, and found that the mobile phone was indeed purchased by herself.

This must be when An Tianxiang brought her into the room and accidentally fell on the door. She should have been unconscious at that time.

“You weren't completely drunk at that time, right? You couldn't wait to run to An Tianxiang's room while I went up to get the key? It seems that you prepared carefully before you came.”

Yang Qingfeng's face was gloomy, every expression on his face was full of ridicule, Yang Ning couldn't help pinching his fingers, and his heart was full of unspeakable discomfort.

She glanced at Yang Qingfeng with complicated eyes and pursed her lips, not knowing whether to tell the truth or lie.

“You choose, I'll give you two answers.”

With a long sigh, Yang Ning didn't know what to say, even if she escaped, things would become very complicated.

“The first answer is that my mobile phone was stolen, and it was just an accident that it was left at the door of An Tianxiang's room. The second answer is that I was drugged, and it was An Tianxiang who saved me at the critical moment.”
