

Chapter: 3258

“Nothing else?” An Tianxiang blinked, and his heart that was still suppressed seemed to be getting restless.

He looked at Yang Ning’s gentle profile, his fair skin made him unable to resist kissing.

The sudden kiss caught Yang Ning by surprise. She tilted her head and glanced at An Tianxiang with an incredible look in her eyes.

“what are you doing?”

Hearing her question, An Tianxiang raised his eyebrows, the fire in his heart seemed to have found a suitable outlet, he chuckled lightly, propped himself up, and covered Yang Ning under his own body.

“What do you say I want to do?”

The handsome face that was so close at hand was right above her. This gesture made Yang Ning’s heart explode. She turned her head and covered her profile with her hand, not wanting An Tianxiang to see her blood-red cheeks.

However, An Tianxiang had already noticed it, and with smiling eyes under the broken hair, he was staring at the person in front of him seriously.

He looked through Yang Ning’s thin shirt, and his palms were moving restlessly. Yang Ning’s body seemed to be scalded by something hot, and he couldn’t help but tremble slightly, avoiding the hot “fire source”.

“I don’t know, don’t touch me.” Yang Ning grabbed his hand, frowning slightly, she became more and more uneasy, her heart was about to fall, and she couldn’t help showing a tough side.

What a shrewd person An Tianxiang is, he can see the shaking hidden in her eyes at a glance.

Soon, the hand held by Yang Ning was grasped by him again, An Tianxiang raised the corners of his lips evilly, and pressed Yang Ning’s hand firmly on top of her head, letting him struggle.

He looked down into her eyes, their noses almost touching.

“Don’t touch you? You didn’t say that that night tomorrow. You probably didn’t say it. I was going to send you away that night, but I didn’t expect you to keep pestering me so enthusiastically.”

“That feeling, I unexpectedly felt very good.”

Every time An Tianxiang said a word, Yang Ning felt that her face burned for a while. She covered her face and didn’t dare to look into An Tianxiang’s eyes.

As soon as he thought of the pictures he described, he became even more afraid to move.

Seeing that Yang Ning was motionless, An Tianxiang knew that his words made her feel ashamed, so the movements in his hands became more and more bold.

He reached into Yang Ning’s thin shirt, touched the goose bumps one after another, and his eyes darkened.

“Yang Ning, someone told you, are you beautiful?”

The sunlight outside the window shone into the house, An Tianxiang looked at the snow-white long neck in front of him, and a trace of darkness was rising and falling in the path he stroked.

Yang Ning didn’t dare to look at him, her whole body was too soft to move, her body and mind seemed to be immersed in another world, and she had long since been out of her control.

“No…….”

She answered vaguely, Yang Ning didn’t listen to what An Tianxiang said at all, she twisted her messy body and seemed to complain that An Tianxiang was moving too slowly.

“Really, I think you are much prettier than Yang Yue.”

An Tianxiang lifted Yang Ning’s clothes, kissed her softly on her warm skin, and teased her with both hands in her extremely sensitive area.

Yang Ning didn’t know what An Tianxiang was talking about at this moment. She bit her lip, only to feel her consciousness drifting away gradually.

“hold head high…….”

An Tianxiang, who was crouching down, once again heard the title that Yang Ning kept calling out in the madness that night. The movement of his hand stopped, and his thoughts seemed to be pulled to that night again.

As soon as he remembered it, the fire in his heart jumped higher and higher, and he could no longer give Yang Ning more drama. He stroked Yang Ning’s cheek with cloudy eyes, and the atmosphere in the room instantly became high.

After an unknown amount of time, when Yang Ning woke up again, it was already noon.

She got up from the bed, but she didn’t see An Tianxiang’s person at all, and she didn’t know where he went.
