

Chapter: 3274

Shaking her head, she turned her thoughts and put her eyes back on the script in her hand.

Yang Ning was reading the script intently when someone suddenly took her away. She looked up and saw only Yang Yue, who was wearing delicate and heavy makeup, standing beautifully in front of her.

“You are really dedicated. You are so tired from flying, and you haven’t forgotten to read the script. It really makes me curious and want to see what you are watching.”

Yang Yue spoke strangely, raised her brows contemptuously, and read it for herself.

Yang Ning, who was sitting on the plane, didn’t even bother to care about her, and didn’t even bother to ask why she was here.

After a while, Yang Yue seemed to have finished flipping through it in a hurry, she frivolously threw the script on Yang Ning’s body with a sneering expression: “I’m really laughing at me, what kind of games are you playing here? It’s dangerous. I didn’t get involved, you are so naive, and asked An Tianxiang to help you get the role, haha! Shame!”

Hearing this, Yang Ning’s face turned black. Ever since she was hospitalized, she has endured this Yang Yue, and now she is still embarrassing herself in front of her. Her IQ is so low that she doesn’t know who is embarrassing!

“Really? I’m embarrassed?” Yang Ning asked in a cold voice, his brows raised high, and the smile on his lips was icy cold.

When Yang Yue saw it, her heart was a little empty, but she would never allow herself to be soft on the woman in front of her.

So she took a step back, stroked her curly brown hair, and opened her red lips lightly: “Yes, I climbed up to An Tianxiang deliberately, and won such a ridiculous script, either because you didn’t spoil enough, or you Poor stupid.”

“I think you’re just jealous.” Yang Ning was too lazy to listen to her series of ridicule, her eyes were like a torch, and her self-esteem was directly melted, and she easily stood in the most vulnerable place in her heart.

Yang Yue’s face turned pale, but she was still holding on, she sneered, only Yang Ning’s sarcasm fell in her eyes: “Jealous? Why do I have to be jealous of you, do you know where I am going now, I am going to the wind line Big show, fortunately I don’t have to participate in this mentally retarded show, otherwise, wouldn’t I miss the opportunity to enter the fashion circle?”

When the wind line was showing, Yang Ning was also stunned when he heard this term.

Although she never stepped into the fashion circle at all in the last life, she also knows that the fashion show is the top fashion show in the fashion circle every year.

Many celebrities will go there specially to learn about the fashion trends this year, but not all celebrities will be invited. They don’t have any connections or connections, and they still have their own strengths. Even if you go, those top celebrities in various circles. Talent won’t pay attention to you at all, that’s self-indulgent.

With Yang Yue’s current strength, she didn’t feel that she was going alone, and someone must have taken her to brush her face.

“What, are you jealous?”

Seeing that Yang Ning was silent for a while, Yang Yue thought that the woman in front of her was too shocked to speak, she couldn’t help standing up straight, and the smugness in her eyes began to become wanton again.

However, Yang Ning didn’t take it seriously. She glanced at the contempt in Yang Yue’s eyes and answered naturally, “I’m sorry, I don’t understand what you’re talking about.”

Few of the newcomers in the circle will know about the show, and there is no need for someone like her to know. Besides, since Yang Yue is so proud, she should pretend to be confused even more.

In this way, her sense of pride could not be reflected in her.

“You, you don’t even know about the show!” Hearing Yang Ning’s answer, Yang Yue’s expression suddenly became ugly, she pointed at Yang Ning’s face, and felt that she was about to be mad: “You You bastard, why don’t you go back to the village and continue to be a peasant woman!”

Seeing her anger turned into anger, Yang Ning thought it was quite funny, didn’t she just want to show off but failed, is it worth her being so angry?

But after thinking about it, it was normal. The woman he hated took away the role, and he was jealous, but he couldn’t make the other party jealous of him. This imbalanced emotion must have made Yang Yue feel more ashamed and angry.
