

Chapter: 3299

After a while, the program team finally started filming again. This time, Yang Ning and Han Shaoqiu were eliminated from another exit.

This is Yang Ning's intention. Since Yang Yue likes to take pictures, she will let her take enough pictures.

"Come out, I wronged you today."

After Yang Ning and Han Qiusheng came out, they sat in the director van. They could see everyone's activities clearly through the screen.

Is that what it feels like to be a director?

"I can't talk about any grievances." Yang Ning is not as squeamish as Yang Yue, she waved her hand and she had already finished minding: "It's just a little less recording, but I'm a resident guest, and I'll be there every episode. When this episode is over, It's not like Yang Yue can only get out of here."

From Yang Ning's rude words, you can figure out a bit of her disgust for Yang Yue. Although the director and Han Shaoqiu didn't quite understand the reason, they couldn't say no to An Tianxiang and Yang Qingfeng's face. A few words of comfort for Yang Ning.

"It's best if you can think of it this way. I'll cut more shots for you in the next issue, so you don't have to worry about exposure."

The director patted Yang Ning on the shoulder very naturally, and looked relieved. He was prejudiced against Yang Ning just now, and now it has almost disappeared.

Hearing this, Yang Ning chuckled lightly and didn't answer, she nodded and continued to focus on the screen.

Yang Yue got a longer recording time by means of an agent, but everyone seemed to be targeting her. As long as they saw Chen Dong and Yang Yue, everyone would gang up to attack her.

Moreover, Chen Dong, who has always been sturdy, was obviously a little out of shape today. Seeing that Yang Yue was about to be arrested, he didn't look nervous at all.

"Wow, Yang Yue was eliminated again."

Yang Ning sat in the chair and pretended to be surprised. She took out her phone and checked the time. Yang Yue only played half an hour longer than the last recording.

It seems that everyone doesn't want to play with him anymore, and is anxious to end Yang Yue's variety show trip ahead of schedule.

Han Shaoqiu, who was on the side, heard Yang Ning's surprised voice, and immediately straightened his face, and put his face in Yang Ning's ear as if asking for credit.

Just listen to him whisper: "That Yang Yue suffered from us here, we reached a consensus when we just entered, we must let Yang Yue be eliminated as soon as possible, from the very beginning, we were filming together, Why should she be occupied by her for no reason, it's a matter of course."

Hearing what Han Shaoqiu said, Yang Ning glanced at him in surprise, with a hint of confusion on his face in addition to shock.

She couldn't believe it: "Have you discussed it?"

"Yeah, avenge you!" Han Shaoqiu raised his hand like a child, with a smile on his face: "But this is also my thanks to you for helping Qingfeng."

Hearing this, Yang Ning lowered his head in disbelief, and his heart was filled with emotion. He didn't know how to face Han Shaoqiu's bright eyes, and his fingers that had been relaxed were twisted together.

The sudden warm current in my heart was not because someone thanked me, but because my wandering heart seemed to have found the feeling of belonging once.

From the last life to this life, she has no friends, except for Xiaodong running around for her, there are too few friends who can stay by her side and talk to each other.

Yang Ning was a little moved, and her eyes that had been calm for a long time finally showed a ripple. Suddenly, she seemed to remember something, and asked in confusion, "Zheng Ming also agrees?"

She still remembered that there were still festivals between the two.

Not knowing why Yang Ning asked this question, Han Shaoqiu thought for a while and nodded heavily: "Yes, he doesn't like a girl like Yang Yue, if it really compares, in his heart, you look better than Yang Yue."

Is that right?

Yang Ning raised her brows in disbelief. This man's aesthetic point of view was really puzzling, but because of this, her bad feeling about Zheng Ming finally dissipated a little.
