

Chapter: 3306

Thinking of this, Yang Ning frowned and patted her on the shoulder. Even a future star had once lost and hesitated on his own path, but now Wen Yimo is only caught by a kind of self-doubting eyes. Blindfolded.

So she said: “Don’t think too much, in my opinion, if you send this group of photos to participate in that small photography competition, you can win the prize, or I will simply give you the right to use this group of photos, Ask you to interview at some fashion magazines, and I think they’ll all want you.”

Even if Yang Ning didn’t talk about these things deliberately, Wen Yimo would do it himself in the future, and send personal favors along the way. Yang Ning also has a helper for anything in the future.

Hearing this, Wen Yimo was obviously a little surprised. She looked at Yang Ning suspiciously and didn’t understand why she was so gentle to herself, but Yang Ning seemed to see through her mind and smiled at her kindly.

“I’m just doing my best, I can’t bear to watch you continue to be confused. What’s more, as I said, you are very like an old friend of mine, so I will definitely help you.”

Yang Ning’s words were like a gust of spring breeze, blowing away the fog in Wen Yimo’s heart, she raised her face, and the usual calmness in her expression finally made waves and turned into an indescribable emotion.

“Thank you, Yang Ning, compared to those big stars, you really have no air at all.”

Looking at the innocent girl sitting on the steps, Yang Ning smiled sincerely, the alienation from her just now has all dissipated, and the sense of distance between the two has obviously weakened.

It turned out that she is the kind of girl who can’t be enthusiastic if she doesn’t care.

Yang Ning shook his head with a smile, stretched out his hand and pulled her up, with a hint of warmth in his eyes: “You’re welcome, I still have work so I can’t chat with you any more, after you fix this set of photos, I’ll contact you right away. You sign a contract, a set of photos is 10,000, and if the response is big enough, I can still give you a bonus without a cap.”

Such a generous treatment for a newcomer who has not yet debuted is a great affirmation for anyone.

Wen Yimo’s eyelashes trembled slightly, and the raised corners of her mouth revealed her inner excitement and gratitude.

She nodded vigorously, hugged the camera in her arms tightly, and gave a relieved and sweet smile: “Okay, I’ll retouch the picture right away when I go back!”

“Well, I’ll wait for you.”

The two watched Wen Yimo leave, a thin back quickly disappeared from the crowd, and Yang Ning felt a little indescribably refreshing.

As long as Wen Yimo can accept this kindness, he will not have to worry about not having good photos in the future.

“Hey, Yang Ning, can I call your behavior a stupid money-spending behavior?”

The two took a ride back to Xiaodong’s residence temporarily. As soon as they entered the door, Xiaodong poured out the words that he had endured all the way.

Yang Ning sat on the sofa, glanced at her, and raised her eyebrows proudly: “You don’t know this, right? This newcomer has a bright future. By the way, how did you find her?”

Hearing Yang Ning’s question, Xiaodong was stunned for a moment, scratching his head and thinking: “It’s on the side of the road, I saw she was holding a digital camera, so I went up to talk to her, she didn’t believe me at first, I want you to come after , she believed me.”

Hearing this, Yang Ning blinked in surprise.

Is this the fate of this life? Everything seems to be full of coincidences, but it seems to be a secret arrangement.

Yang Ning pondered for a moment, then came back to his senses, smiled and hugged Xiaodong in front of him, his expression full of gratitude: “Then I have to thank you for keeping her here, you really helped me a lot in this matter. ”

Xiaodong raised his head for some unknown reason, but he didn’t plan to ask anything. After all, Yang Ning was like this. Every time he was mysterious, some behaviors could not be explained by common sense.

At this moment, Yang Ning’s phone rang suddenly, her heart skipped a beat, she quickly took out her phone and glanced at the caller ID above.

It’s Qiwei.

Her tense mood suddenly relaxed, and she pressed the answer button.
