

Chapter: 3308

“Haha, Yang Yue is indeed a bitch!”

The two sat on the sofa mercilessly scolding Yang Yue, and felt a burst of joy in their hearts. While chatting, Xiaodong’s phone suddenly rang.

She picked up the phone and went to the side to answer it, and then sat down on the sofa again.

“Wen Yimo called and said that the film was repaired, and I sent you a private message on Weibo.”

Hearing this, Yang Yue’s eyes lit up. She looked up her message list and saw a photo sent by an ID named Wen Yimo.

This time, she took nine photos, three for sweetness, three for commuting, and three for literature and art. These three styles will be very popular in the next few years, and they are also very suitable for various types. girl.

Yang Ning looked at the photos that Wen Yimo had adjusted for her, and found that in this age when filters were not yet popular, her color grading skills were already very good, and she could make full use of different tones to create a special feeling.

“Wow, this one is too literary.”

Xiaodong pointed at one of the photos and started screaming. Yang Ning looked over and found that it was a long-range photo. The warm tones were colder, and matched with her clothes, she looked extra intellectual and gentle. Introverted.

“Of course, will the things made by the people I fancy be bad? Okay, let’s send them out quickly!”

Yang Ning saved all the photos, logged into his Weibo, and posted them all.

Not long after the photo was posted, it immediately attracted a lot of onlookers. Yang Ning was proud of himself, thought about it, and created a topic.

After more than ten minutes, this topic has been topped the hot search, Yang Ning was a little surprised, but also felt expected.

Seven years ago today, these styles and dresses, as well as this photo mode, were uncommon. Presumably this set of street photography has driven another trend in the hearts of young people.

“Looks like we’ll have to look for Wen Yimo more often in the future.”

Yang Ning’s expression couldn’t hide the excitement, and Xiaodong also felt very happy. Next, she just had to wait. Her advanced and fashionable and Wen Yimo’s excellent shooting skills will definitely give her some good shooting skills. Fei’s appointment and endorsement.

Sure enough, within an hour, Yang Ning received a call. The other party claimed to have come to talk to her about the appointment.

When it came to the appointment, Yang Ning was not very interested. After all, it would be better if he could receive an endorsement. However, after the other party explained his brand, Yang Ning immediately agreed and made an appointment with her soon. .

“Xiaodong, call Wen Yimo and ask her to go out to take pictures with me. This appointment must not be messed up.”

Hanging up the phone, Yang Ning’s expression was very serious, she hurriedly dropped a sentence, and immediately ran into the room to start makeup.

Xiaodong scratched his hair with a blank expression, all the words he wanted to say were stuck in his throat, and he could only see her back disappearing into the living room in a daze.

After instructing Hao Xiaodong to find Wen Yimo, Yang Ning, who had finished putting on makeup, immediately went downstairs and stopped a taxi, and arrived in front of a well-known luxury store.

According to common sense, brands of this level will hand out olive branches to some well-known international stars or current traffic niches. Although this time, although Yang Ning is not invited to endorse, it is just a tentative appointment. For such a well-known new generation of actors, it is already a great recognition.

On the phone, when she was talking with the other party’s brand operations director for a photo shoot, the other party asked her to go to the store to pick out the clothes first, and then take a street photo. During this period, he would come over to check the quality of the photos and Yang Ning’s expression of the clothes.

It could be heard that the other party was still hesitant to a large extent, and the appointment to shoot Yang Ning was just a test for her.

Getting off the car in front of the store, Xiaodong and the two of them, and the director who had made an appointment before, did not arrive here. Yang Ning looked at the time, and it was far from the appointment time.
