

Chapter: 3309

It seemed that she was too excited and couldn't wait.

I can't stand in front of the door, Yang Ning waited for a while, then went into the store and picked up some clothes for street shooting.

The style of this brand's clothes is a little more commuting in the current season. The colors and themes are mainly concise and bright. Both the price and the style are only suitable for the white-collar workers of the big company.

Although she has never stepped into the fashion circle, she probably still knows something after buying clothes for two lifetimes.

"Miss, this dress is thirty-two thousand, please handle it with care."

From the moment she entered the door, a shopping guide followed behind Yang Ning. On the surface, she was polite, but Yang Ning could see from her eyes that she was disdainful of herself.

Clothes are not fragile, and they are handled with care, obviously wanting to show off the price of her house and let herself leave with interest.

Yang Ning raised her eyebrows, turned her head to look at her, and raised the corners of her lips vaguely: "Really, then you can find a small size and let me try it."

The shopping guide's face changed obviously, she stiffened her lips, and responded with a fake smile: "I'm sorry, we no longer have a small size for this dress, if you are sure you want it, I can go to other stores with you to arrange the goods. ."

She listened to this kind of refusal a lot, Yang Ning nodded indifferently, looked indifferent, and continued: "Okay, then you can bring a medium size."

"This... the medium is also gone."

Hearing this, Yang Ning glanced at the shopping guide sneeringly, with a look of contempt in his eyes, as if he had already seen through the woman who was lying before him.

"Yo, who I thought was, I didn't expect it to be Yang Ning."

A proud and disdainful voice came from behind, Yang Ning took the clothes and looked back, and found that Tang Qian was walking.

The shopping guide on the side saw Tang Qian coming in, and immediately greeted him, the smile on his face was a size bigger than that of himself just now.

"Miss Yang, what do you want to buy today?"

Tang Qian didn't pay any attention to the shopping guide next to her. She wore white diamond high heels, like a queen of blades, and walked towards Yang Ning arrogantly.

"Well, just the one she has, let me try it in all sizes."

"Okay, wait a minute."

After receiving Tang Qian's instructions, the shopping guide quickly wanted to leave, but Yang Ning refused to let her go, took a side step and stopped her.

She raised her eyebrows, and there was no intention of giving in in her expression: "Why, I said just now that you don't have a small size, and you don't have a medium size. When Tang Qian comes, you will have everything. This is your big brand. service attitude?"

Stopped by Yang Ning, the shopping guide smiled dryly, but there was no apology in his eyes, but he did a good job of being polite and embarrassed.

"Miss Yang is our VIP customer. It is normal to reserve some styles for her. If Miss Yang can spend 3 million with us a year, then you can also get this kind of service."

The leak-proof explanation is full of contempt. The shopping guide of luxury stores is not ordinary. Which luxury jewelry store needs to spend 1 million to become a VIP. She has never seen it in her two lifetimes, and the most is hundreds of thousands. .

She was clearly mocking herself for not having Tang Qian's wealth, and she was just chasing people's power.

"Yo, Yang Ning, why are you embarrassing a working girl? Others also follow the rules. Besides, can you spend more than 30,000 yuan to buy this dress? If you can afford it, you can try it. "

Yang Ning turned her head and glanced at Tang Qian coldly. If it wasn't for a wave of Cheng Hao at the casino, she really wanted to throw all the money on Tang Qian's face now.

No matter how poor she is, it is compared to those stars who have been out for several years. They can't afford 30,000 yuan. These people mock her and ridicule her that she is not as big as Tang Qian. bullied?

Unable to calm her anger, Yang Ning glanced at the door inadvertently, and suddenly, she saw a man in a suit walking in.
