

Chapter: 3317

“Yang Ning...” Hearing the anger in her tone, An Tianxiang’s expression changed, he hesitated between his brows and his eyes became a little helpless.

How could she misunderstand herself so easily? He never said that this matter was to test her, and Yang Qingfeng was the only one who doubted her from beginning to end.

The man in front of him now had a disappointed expression on his face, clearly a frustrated person who was expecting to fail again.

An Tianxiang was only very happy for the scene in front of him, not because he proved Yang Ning’s sincerity, which had nothing to prove.

After all, he doesn’t even know what is love, only possession.

However, how could Yang Ning think so much? She felt resentful in her heart. The boring game between the two completely disturbed her mood.

She said bitterly: “An Tianxiang, please respect me, if you don’t respect me, then next time, I won’t respect you either.”

After Yang Ning finished speaking, he hung up the phone ruthlessly, with an extremely stiff expression. Seeing this, Xiaodong, who had been eavesdropping behind the door, couldn’t help showing his head.

She walked gently in front of Yang Ning and asked in a low voice, “Yang Ning, what’s the matter?”

Too lazy to fold the clothes, Yang Ning shoved the clothes into the bag directly, with a gloomy face and no intention to speak. Seeing this, Xiaodong didn’t say much. She helped Yang Ning pack up and called Yang Qingfeng in her heart. ungrateful.

Yang Ning thought about him wholeheartedly, but he would be better off, and together with An Tianxiang, he would set a trap for Yang Ning.

Seeing that her expression was not good, Xiaodong couldn’t speak any more to persuade her. Along the way, she had to talk about other topics and sent Yang Ning to the VIP lounge at the airport to join the show crew.

Unexpectedly, as soon as the two sat down to meet the director, Yang Qingfeng and An Tianxiang came in together.

Seeing the two of them, Yang Ning’s unpleasant expression became colder and colder. She stiffened her lips and couldn’t say a word.

“Director, is there any problem with Mr. An’s companions?”

Yang Qingfeng said something reluctantly, Xiaodong glanced at him from the side, seeing his low expression, he was clearly unwilling to say such a thing.

Hearing this, the director of “Love in Progress” stood up, with a slack face and a smile on his face, staring straight at An Tianxiang who had been staring at Yang Ning: “Of course there is no problem, can there be What’s the problem, Mr. An, of course we have always been convenient.”

Different from the few directors Yang Ning met before, the one in front of him is obviously more dog-legged, but this is a normal performance. As long as he can please An Tianxiang, it is normal to get a sponsorship fee.

Yang Qingfeng seemed to have known the director’s answer for a long time. His expression did not waver. He only glanced at Yang Ning and sat aside.

An Tianxiang watched Yang Qingfeng sitting on the sofa on the other side, and naturally wanted to sit beside Yang Ning.

However, just as he was about to sit down, Yang Ning suddenly stood up with a rather indifferent expression.

“You talk, I’ll go out first.”

This move made all the people seated feel Yang Ning’s dissatisfaction, and An Tianxiang’s expression changed, his eyes darkened.

Upon seeing this, the director immediately stopped Yang Ning and comforted him: “Yang Ning, don’t leave, there will be some videos on the plane when you get off the plane, so you can talk to Yang Qingfeng here first, get acquainted with it, and create a little more feeling.”

Hearing this, Yang Ning sneered and pointed at An Tianxiang’s expressionless face with a mean tone.

“You all agree that he’s here, and there’s nothing to worry about. Director, don’t you know that he’s here to spy on me. He’s here, and this show can’t be recorded at all.”

What Yang Ning said was decisive, and there was no room for reversal. An Tianxiang’s face was as dark as a cloud, and he was obviously dissatisfied with her tone.

He grabbed her hand and asked, “Are you still unhappy about what happened just now?”

An Tianxiang’s extremely serious and patient attitude towards Yang Ning made the director stunned for a while. He was shocked and immediately understood the relationship between the three present.
