

# Chapter: 3322

Hearing this, Yang Ning was stunned for a moment. She lowered her eyebrows and felt a little lonely in her heart blown by the wind.

Looking at An Tianxiang's profile, she couldn't help but say, "Are you in such a hurry?"

It's just a short night, how can it make up for the long absence of seeing each other, but he has a job, and he has misunderstood him...

Yang Ning bit her lip, not wanting herself to say more willful words.

"Well, it's probably been like this this month. Things on the company's side are more complicated."

An Tianxiang drove the car to a beach. He stopped the car and turned to look at Yang Ning, who looked down. The sound of the waves echoed in his ears.

"You are obviously very busy, and you still want to see me. I misunderstood you today. You must be very uncomfortable."

Yang Ning opened the car door, got out of the car with An Tianxiang, and walked side by side. The lights behind them were bright, driving away the darkness and illuminating the road in front of them.

An Tianxiang naturally took Yang Ning's cold hand and put it in his pocket. Under his long curled eyelashes, there were a pair of calm and gentle eyes.

Yang Ning has never seen him like this. It seems that when facing him, he is always domineering and stubborn, showing his possessiveness towards himself and not willing to admit defeat.

But now, the two are walking on this deserted night beach, but An Tianxiang shows his gentle and considerate side.

"It should be uncomfortable, not anger, but a very helpless and irritable state. I have never been misunderstood by anyone."

When An Tianxiang said the end, he actually laughed. He turned his head and glanced at Yang Ning. The warmth in his hand was like a hot towel, which was applied to Yang Ning's heart.

The man in front of him was a perfect existence except for his bad character, and now even his character showed an excellent side, Yang Ning didn't know how to resist the charm he exuded.

This is a really bad thing.

She was a little unwilling to be reconciled to her own fall. She struggled for a moment with An Tianxiang's tightly clasped hand, and found that she couldn't break free, and she couldn't help but sighed in her heart.

If I really deepen my feelings for him, I really don't know if it's good or bad.

"You're still the same as before, I'm not used to it now." Yang Ning tilted his head slightly, his cheeks were slightly hot, he dared not look at him, and there was a shimmering light in his eyes.

Seeing her nervous appearance, An Tianxiang chuckled lightly. He stopped and straightened her body. Yang Ning's face was reflected in his amber pupils.

He bent down and brought his thin lips to her ear, hoarse and frivolous: "Are you shy?"

In the past, he always looked cold and mysterious, but now, Yang Ning found that he also has a serious side.

She stammered and said, "Shy, I have nothing to be shy about."

Concealing her embarrassment, Yang Ning's eyes flickered from side to side. She wanted to take a step back, but at this moment, An Tianxiang's hand was already on her waist, and she was pressing in his direction.

"yes?"

His voice was quiet and gentle, like a very soft silk covering Yang Ning's heart lightly. Her whole body was filled with An Tianxiang's unique flavor.

"I....."

Yang Ning was about to say something when the sound of braking suddenly came from the quiet coast. The two looked back and saw only an SUV parked beside the white Audi.

"Who is there?"

The two looked at each other, and their hearts were full of doubts, but when they saw the person coming, the doubt in Yang Ning's eyes turned into a kind of surprise.

"Yang Qingfeng? Why are you here?"

In fact, since Yang Ning secretly left the room, he has been following her, and it is not clear why, it is just a simple idea.

However, looking at the two people's affectionate appearance not far away, he couldn't bear it anymore. He had to restart the car and wanted to leave. Unfortunately, just after driving out, he almost hit An Tianxiang because of his distraction. Car parked on the side of the road.
