

Chapter: 3325

“Stop dreaming, Cheng Hao. I didn’t cut you into pieces now. I’m already showing mercy to you. I won’t help you in my life.”

Her eyes were calm and icy, cold like arrows, each of them hitting his back.

Cheng Hao was stunned for a moment. What was it that made Yang Ning have such a deep hatred for him? Since he clearly hated him, why did he help him when he was in the casino?

Could it be that he was so deliberate in order to let him enter the game?

Suddenly, he seemed to have figured out something, and stood in the same place icy cold, with an incredible astonishment in his eyes, and the fear in his expression was unobstructed.

“So you...”

Cheng Hao’s already understood expression made Yang Ning raise his brows. Even if he had guessed it, he had no intention of admitting it.

She hasn’t forgotten who the “President An” Cheng Hao said in the last scene in the last life.

This was originally a problem that Yang Ning had been avoiding.

Up to now, it’s all she believes in An Tianxiang in wishful thinking. I hope it’s not him. Even if it’s him, she just wants to know the truth later, and doesn’t want to make a choice so early.

But now, Cheng Hao appeared in front of him with the face of a downtrodden person, and many things may change. After all, the gambling debt in the last life did not come so early, and he paid it off for him.

The current situation is that everything has been advanced, so, will the “President An” also appear in advance, and will it be An Tianxiang?

Yang Ning’s heart was full of worries, and he would not admit what Cheng Hao was thinking. If he did that, wouldn’t it make the two confront each other out of thin air.

Although she didn’t want to appear too warm with him, she also didn’t want to be too rigid with him. Only by getting close to him can she find out the truth of “President An” faster.

So, Yang Ning vetoed without hesitation: “What are you thinking about? Casino matters, but I kindly help you, but also for my own benefit, do you still think that I can’t hurt you on purpose? Things will turn into this. I can only blame you for not stopping when you won.”

Her rhetoric is pertinent, but Cheng Hao is difficult to accept. Which gambler will blame his failure on his greed? They will only blame the right time and place, and will never blame themselves.

“I don’t want to discuss this with you now, hurry up and find a place for me, I’m going to hide immediately!”

Cheng Hao suddenly became tougher, and the irritability in his eyes became more and more obvious. Yang Ning looked at his embarrassed and irritable appearance, and snorted softly.

“I can give you a hundred yuan at most, and let you take a ride to find Yang Yue. I don’t have a place for you here. After all, I can live in An Tianxiang’s apartment now.”

When mentioning An Tianxiang’s name, Cheng Hao’s eyes clearly flashed with fear.

He was originally escorted back by those people and asked a brokerage company for debts. Now he has offended a lot of people. If Yang Ning offends another An Tianxiang, everything will become more and more out of control.

After weighing the gains and losses, Cheng Hao closed his eyes silently, no matter how unwilling he was to face Yang Yue, he had to bite the bullet, because now only she and he were on the same boat.

“Okay, you give me a thousand, and I’ll find her right away.”

In the face of Cheng Hao’s double demand for money, Yang Ning didn’t say much. As long as Cheng Hao was able to get along with Yang Yue, who was in trouble, she would have nothing to say no matter how much money she paid.

“No problem, I hope you will be fine.”

Yang Ning raised the corner of his lips and took out a thousand from his wallet. Before reaching him, Cheng Hao snatched it away.

She snorted mockingly, the contempt in her eyes was like a soft needle, piercing Cheng Hao’s pride intentionally or unintentionally, he avoided her eyes and said nothing.

After all, whether he cares or not, he doesn’t have the capital to care about her attitude towards him with Yang Ning.

The two left the alley in a hurry and stood on the side of the road trying to stop a taxi. Yang Ning saw that his clothes were shabby and knew that ordinary taxi drivers would not stop. She pouted and kindly stopped a taxi for him. , The embarrassed Cheng Hao was sent away with a comfortable expression.
