

# Chapter: 3336

He didn't want to think about it too much. The scene on the coast of Hong Kong and the various moments when the two of them got along was definitely not a blow to him. As a person who wants to give up, he should learn to not care about his own problems because of her. up emotions.

"Give it to me, this step is too high, you can't take it."

Lowering his eyes indifferently, Yang Qingfeng lifted the suitcase in his hand and easily crossed the threshold. Yang Ning followed behind him with a complicated mood. He didn't know what to say for a while, so he could only be silent.

After a while, everyone sorted out their things and equipment, and urged Yang Ning to rush to eat lunch with Yang Qingfeng to cultivate their relationship. Whether it is a real relationship or a fake relationship, this episode of the show must not be worse than the last one.

Yang Ning was a little helpless, and every staff member's entrustment to her echoed in her mind, she only felt a lot of pressure.

It had only been a few minutes since the little friction at the door just now, but now she is going to find Yang Qingfeng again. I really don't know how he will imagine himself.

Yang Ning sighed, shook his head helplessly, raised his arm with difficulty and knocked on the door in front of him.

"Geeeeeeeeeee."

There was a knock on the door, but there was no movement inside. The door that was supposed to be closed swayed slightly. Yang Ning was startled and looked down at the place where the door was locked, and found that the door had always been closed.

"what happened?"

Somewhat unclear about the situation, Yang Ning frowned and looked inside the door, but found no figure.

Are you out already? But the door to the yard was not opened just now.

Yang Ning's eyes were puzzled, and he stood at the door for a long time. He simply turned his heart away and completely pushed open the half-closed door in front of him.

Walking into the room, Yang Ning looked at the furnishings in the room curiously. She looked around lightly, calling out Yang Qingfeng's name from time to time.

"Yang Qingfeng, are you there?"

After shouting a few times, there was no response in the silent room. Yang Ning held his chin and raised his brows in confusion.

It seems that maybe Yang Qingfeng really slipped away when they were not paying attention?

If that's the case, it's better to leave early.

Yang Ning pursed her lips, intending to tell the truth to the staff who asked her to cultivate her relationship. Yang Qingfeng was not there, but it was not because she didn't want to.

The nerves that had been tense were relaxed, and Yang Ning was relieved. She looked at the surrounding environment wantonly, and was about to leave, but a figure came out from the direction of the bathroom.

Yang Ning was stunned for a moment, she stood stiffly in place, countless possibilities flashed in her mind, until she saw the half-naked figure completely exposed in front of her eyes, an embarrassing heat flow suddenly rushed straight to her cheeks, the burning sensation almost burned herself.

"you....."

The person in front of him was none other than Yang Qingfeng, who had just come out of the bath. He was half-naked with his fair upper body, shiny drops of water were falling from his narrow waist, and his wet black hair was scattered messily on his plump forehead.

Seeing Yang Ning standing in the center of his room, he was obviously a little surprised, but he wasn't as stiff as Yang Ning.

For some reason, seeing Yang Ning's unmoving appearance, Yang Qingfeng's restless heart seemed to be comforted for a moment. He looked lazily at the dull Yang Ning in front of him, and scratched his forehead with one hand. hair, walking towards her step by step.

His tone was low and charming: "Why, can't say a word?"

Yang Ning's stiff face couldn't even make a single expression. She tugged at the corners of her lips, and a dampness and a male-specific pressure gradually enveloped her body. She looked away awkwardly, and finally closed her eyes.

"Well, I'm sorry, the door is open, I was going to ask you to go to dinner, but..."

"There's no need to explain that much."

Yang Qingfeng stood lazily in front of her with arms folded, and quickly interrupted Yang Ning's words. The whole person looked a little more decadent than before.
