

Chapter: 3345

Although he still wanted to hug, but unfortunately time has not allowed.

“Are you leaving?” Yang Ning took him by the shoulder, her eyes were lost, and her expression was filled with reluctance. The dependence she hadn’t realized was sprouting silently.

An Tianxiang nodded, bent down and kissed her cheek again, and rubbed the top of her soft hair with his big hands: “I’ll come to you when I’m done, don’t be sad.”

This is not a goodbye. The two will meet sooner or later. The emotion brewing in Yang Ning’s heart is not sadness, but a sense of loss.

The time between the two of them is always too little and too little. Fortunately, she is also very busy with her work. Otherwise, she must fly around with An Tianxiang every day.

“Well, I know, then you go first, I’ll go back and discuss the program with the producer.”

Since it can’t be changed, it can only be accepted, Yang Ning nodded with a reluctance smile, and watched An Tianxiang leave the box.

A few days later, the filming of “Love in Progress” officially came to an end. Yang Qingfeng, Yang Ning, and the other members of the program team flew back on the earliest plane. The recorded program will be edited and played.

As soon as she got off the plane, Yang Ning received a call from Xiaodong. She told herself that she was waiting for her at the gate of the airport. Yang Ning was a little puzzled. This little girl clearly said that she would not come to pick her up, so why did she suddenly come again.

Declined Yang Qingfeng’s invitation to go back in the same car, Yang Ning avoided fans and reporters all the way, and quickly ran to the place Xiaodong said.

She opened the car door and sat in the co-pilot’s seat. Xiaodong next to her was wearing a pair of sunglasses and immediately started the car.

“Aren’t you busy today?”

“I have something to do, but it’s done.” Xiaodong replied casually, staring at the road ahead, humming a song, obviously very excited: “The thing I did today is a big one. happy event.”

Xiaodong looked mysterious and mysterious, but it confused Yang Ning again. She pouted helplessly, turned her head and glanced at her: “Don’t give a shit, can’t you just say half of what you’re saying, really tantalize.”

While waiting for the red light, she became impatient after hearing her tone, Xiaodong was overwhelmed, and quickly let go to comfort her:

“Okay, you see that you have no patience at all, it’s not a big deal, I’ll talk to you today. When I wrote a script, I thought that the meeting would take a long time, and I didn’t plan to come to pick you up, but I didn’t know it, and I got it as soon as I went.”

“Script? What script deserves your happiness?”

Yang Ning looked at Xiaodong’s confident profile with some curiosity, and speculated in her heart what script she had received.

According to the timeline of the previous life, the drama that was going on fire for a while should be (such as the Legend of the Concubine), she remembered that the topic of discussion caused by this drama at that time was amazing.

Moreover, in addition to the protagonist in the play, even those supporting roles became popular one by one.

If Xiaodong took this script, then she would really thank her.

Feeling despised by Yang Ning, Xiaodong was obviously a little unconvinced. She quickly took off her sunglasses and threw them into the frame.

“Wow, the producer is going to spend a lot of money to make this script. If it hadn’t been for some wind, I would have lost a single character.”

Hearing this, Yang Ning raised his brows and was a little surprised. Looking at Xiaodong’s confident attitude, could it be that he is really a certain character in (The Legend of the Concubine)?

“Hurry up and talk!” Yang Ning was a little anxious to be sure, and the tone of his voice lost the relaxed energy he had just now.

Xiaodong snorted lightly, and out of the corner of the eye glanced at Yang Ning’s expectant look, his nose was almost up in the sky.

“Listen, this script is (The Legend of Concubine Rufe), and I even got you an audition for the heroine!”

If the princess is passed on the heroine?

Hearing this, Yang Ning was stunned for a moment, then reacted, a bear hugged Xiaodong who was driving, and the excited expression on his face was unobstructed.
