

Chapter: 3349

“That’s right, I’m Yang Ning.” Yang Ning nodded while standing on the stage, with a firm look in his eyes.

After receiving the response, the judge carefully looked at Yang Ning on the stage, his frown slightly loosened, and he seemed to recognize the person in front of him.

He picked out her resume and put it aside, stood up and applauded her, the seriousness in his expression turned into a kind of appreciation: “To be honest, your resume was forcibly recommended, I originally thought you were a Vase, I didn’t expect to be a powerful dark horse, if there is no more suitable candidate, I am willing to give you this opportunity.”

The judge’s words were very pertinent, and it made Yang Ning’s heart tremble. She took advantage of the dim light under the stage to look carefully and finally saw the judge.

She remembered this appearance, and it was clearly the director Huang Wen from the crew of “The Legend of the Concubine”.

It turned out that he also recognized his acting skills?

Yang Ning was excited, but Huang Wen’s words also reminded her that her success this time was inseparable from the person who recommended her resume.

Therefore, she held back the emotions in her heart and asked anxiously: “I know you Director Huang Wen, you affirmed me, I am very happy, thank you, but I still want to ask who took my Is your resume recommended?”

This doubt shrouded Yang Ning like a huge mystery. She felt that the center of the mystery was An Tianxiang, but she also wondered whether it might be someone else.

Director Huang Wen under the stage did not expect her question to be so direct, and shook his head firmly with his arms folded: “I can’t tell you, one day you will know, go back now and wait for the good news.”

Yang Ning heard the firm refusal in his tone, and knew that no matter how much he tried to persuade, he might not be able to persuade Huang Wen.

She sighed in frustration. Could it be true that she can only know the truth by questioning An Tianxiang?

Yang Ning was in a complicated mood, half joyful and half depressed. She walked out of the interview hall with a sullen look on her face, which made Xiao Dongxin, who had been waiting outside, half cold.

She was uneasy in her heart, and quickly stepped up to meet her: “What’s the matter, look at your expression, is it yellow?”

How did Xiaodong know that Yang Ning was not worried about this at the moment. She opened her mouth and did not dare to say anything serious.

“Huang what?” After being in a daze for a long time, Yang Ning realized that she was standing outside the door. She looked around and remembered that Xiaodong seemed to have asked her a question just now. ‘

“Ah, do you feel like you haven’t auditioned for this play?”

Xiaodong was obviously dissatisfied with Yang Ning’s slow response. She was about to become an ant on the hot pot, but she herself was still calm.

Sitting on the chair in the corridor, Yang Ning understood Xiaodong’s question. She blinked, shook her head and said, “No, the director himself said that if there is no suitable candidate, choose me.”

Hearing this, Xiaodong’s eyes widened in disbelief, and his expression was obviously amazed. For such a big production, Yang Ning passed the audition only once. If this is told to outsiders, no one will believe it.

.

“Yang Ning, I really didn’t follow you wrong!” Xiaodong couldn’t be more excited, even more excited than Yang Ning: “This is too rare, I’ll treat you tonight!”

As soon as Xiaodong got excited, he couldn’t find the side. Yang Ning looked at her face and didn’t want to pour cold water, but he didn’t want her to be blindly confident in herself. It hasn’t appeared, and it’s very likely that the director will leave her to fight with her.

“When the role is completely determined, it’s okay to eat this meal. Huang Ping didn’t tell me that he wanted me to sign this contract, so everything is still unknown now, and we can only wait.

Hearing Yang Ning say such words, Xiaodong’s heart froze, and her interest diminished a lot for a while. She put down the glass and muttered to herself, Huang Wen did this just to reserve Yang Ningde’s schedule and script, so as not to get it. When I really want someone, I can’t check the schedule.
