

Chapter: 3359

In the current situation, she is undoubtedly not dancing on the tip of a knife, and no one knows where she will die in the next second.

Seeing her tight-lipped attitude, An Tianxiang felt uncomfortable with the cold again, he said displeased: “Okay, I already understand what you mean, originally I thought you had reservations and hesitated about that list. , now it seems that I think too much.”

Hearing this, Yang Ning bit her lip and was silent for a while. She raised her head and said, “If... I mean if possible, don't get too close between you and him. As for why, I can't tell you now.”

An Tianxiang frowned tightly and looked at the woman in front of her. There were pleading and tangled emotions in her eyes. Those eyes that should have been bright and clear didn't have the slightest look, but looked like a dim pearl, covered with dust.

He seemed to be stunned by something in his heart. Yang Ning's unspeakable concealment seemed to be more serious than he imagined. She was obviously a woman who had just come out of the mountains.

An Tianxiang was puzzled, and at the same time knew that she had made up her mind not to speak out. Thinking of this, he simply stopped asking questions, and sat on the sofa alone and fell silent.

The two were relatively silent in the office. After a long time, An Tianxiang was the first to break the silence.

“Forget it, let's not talk about this for now. This is for you. I originally wanted to give it to you when I went to find you today, but I didn't expect you to come.”

Yang Ning looked at the box in An Tianxiang's hand strangely, she was stunned, not knowing what was inside.

“It's in here?”

“Can't you just open it and see?”

An Tianxiang pursed his lips and shoved the thing into Yang Ning's arms. Yang Ning blinked in confusion, looked at the beautifully packaged carton in his arms, and opened it curiously.

In the carton, there were several thick adult college entrance examination materials lying quietly. Yang Ning was stunned for a while, not understanding what An Tianxiang was doing.

“This is?”

An Tianxiang stared at her puzzled face, and his heart finally felt a little more comfortable, he raised his eyebrows and said, “Didn't you say before that you want to go to university, I have already registered for you in the B University, you just need to study hard , if you can't pass it, it's up to you whether you can do it or not.”

There was some provocation in his tone, and some wait and see, Yang Ning clenched the box in his arms, and was moved for no reason.

About her dream, not many people have paid attention to it. Just like those netizens on the Internet, they not only do not understand her, but they will even ridicule her junior high school diploma.

She has always longed to enter a formal university and constantly improve herself. Only in this way will she feel that she has finally given an explanation to her long-standing dream.

An Tianxiang was the first person to give her these things, and the first person to listen to his dream seriously.

“thank you.”

The emotions in Yang Ning's eyes were overwhelming, and it seemed that tears were about to burst out in the next moment. Everything she wanted to say was taken into her heart, and she only said thank you.

Seeing her uncontrollable appearance, An Tianxiang took her by the shoulders, and suddenly felt a little confused. It is by no means easy for a woman who has come out of the mountains to come to the present without any support.

He admired her intelligence and strength, but he never thought that one day, she would cry because he sent a few books.

An Tianxiang comforted the people in front of her and sighed softly. Perhaps, this obsession with getting what she wanted was the reason for her heart to shake.

“Don't be sad, study hard, as long as you can pass the exam, the past will be gone.”

Yang Ning held the book tightly in her arms and nodded. She knew what it meant to her. An Tianxiang gave him a chance, and he had no reason to waste it in vain.

After a while, the two were about to leave the office and go to dinner, but An Tianxiang's phone rang, and Yang Ning stood aside and heard some voices.
