

Chapter: 3360

“President, the people in the conference room here are still waiting for you. Do you still have a meeting?”

Hearing this, Yang Ning was completely stunned, what the hell, did those people wait so long?

She looked at An Tianxiang in surprise, but found that his expression had not changed at all, as if he was used to this kind of thing.

“Well, there’s a meeting, I’ll be right over here.”

An Tianxiang nodded, turned his eyes to Yang Ning, hung up the phone in his hand, and looked apologetic: “I’m sorry, I just forgot that I have a meeting, do you wait for me, or go to dinner first?”

Yang Ning put away his surprised expression, thought for a while, and then said: “I’d better go back first, the book is too heavy, I’ll put it here first, you can bring it back for me later.”

“it is good.”

Walking out of the office, Yang Ning couldn’t help but sighed at the dedication of Tianhua workers. She originally thought that the meeting had already been dissolved, but she didn’t expect everyone to wait for An Tianxiang to wake up again. If it was her, she would have been blown away.

When she came out of Tianhua, Yang Ning found that her stomach was about to flatten. She was walking on the side of the road, searching for something to eat, but a car ran across her side.

Yang Ning was stunned for a moment, then took a few steps back defensively, subconsciously wanting to leave quickly.

Just when she was about to step up, the car door was suddenly opened, Yang Ning frowned, and saw a pair of black leather shoes stretched out first.

Then, a yin and yang voice suddenly entered her ear: “Yang Ning, it’s been a long time.”

She looked up, only to see Cheng Hao’s oily face exposed in front of her.

Yang Ning resisted the nausea in his heart, glanced at him indifferently, and said indifferently: “Is there anything wrong with you, shouldn’t you be by Yang Yue’s side at this time?”

As soon as he heard Yang Yue’s name, Cheng Hao’s face changed suddenly, he glared at Yang Ning and gritted his teeth: “You damn woman, dare to say, if you hadn’t set up a bureau for me in Las Vegas, I would have It won’t end up where it is today, and it will be completely abandoned by Yang Yue!”

Recalling the scene of that day, as long as he is still a person with a brain, he will not keep Cheng Hao by his side. It seems that Yang Yue is sober early. She was cheated by him in the last life, even if she found out , and foolishly believed him.

“Ah.”

The scenes from the past appeared in Yang Ning’s mind, and he couldn’t help laughing a little. Cheng Hao, who was beside him, thought she was laughing at him, and rushed over in anger.

“How dare you laugh at me, Yang Ning, don’t you want to live!”

Hearing Cheng Hao’s roar, Yang Ning came back to his senses and quickly stepped aside. She raised her chin and said recklessly, “What are you doing, do you still want to kill me in broad daylight?”

Hearing this, Cheng Hao hesitated for a while, and suddenly, as if thinking of something, he laughed coldly: “Yang Ning, don’t think that you can be lawless with An Tianxiang covering you, you set up a frame for me. My business, I will never let you go!”

Yang Ning looked at Cheng Hao’s terrifyingly twisted face and was a little speechless. Did he really lose his eyes in his last life? Obviously, the face in front of him is his true appearance, right?

She pursed her lips, and the indifferent sarcasm in her eyes was like an arrow, filling Cheng Hao’s back: “You are smarter than I thought, but you should compare your heart to your heart, when you and Yang Yue team up to deal with me ,Why are not you talking?”

“Besides, did I set up a game? I was provoked a little, so I took the money and played, and I didn’t let go even if I lost. It shows that you are insatiable and extremely poor in temperament.”

Yang Ning’s remarks made Cheng Hao angrily. He scratched his hair several times irritably, wishing he could immediately beat the woman in front of him to death.

He pointed at Yang Ning’s face, his eyes were fierce, and he gritted his teeth: “You still dare to argue, I am like this, it is all your fault!”

Cheng Hao got a little angry and rushed out of his mouth, only to realize what Yang Ning said before, she said that he and Yang Yue joined forces to deal with her?
