

Chapter: 3362

She said that if she wants to win, she won't admit defeat here.

When he came up with ruthlessness, Yang Ning didn't know where the strength came from, and suddenly dragged Cheng Hao, his eyes seemed to be cracked, and they were extremely scarlet.

"You let go!"

Yang Ning didn't know where the strength came from, so he threw off Cheng Hao's arm, kicked him violently, and wanted to run away.

Cheng Hao let go of Yang Ning's hand in pain, and was kicked again. Although he avoided him, he was still distracted.

The next second, he reacted immediately, took a few steps in a row, and hurriedly grabbed her hand.

"You bitch, you still want to run!"

Yang Ning was caught again before she ran a few steps in high heels. She felt a chill in her heart, feeling that she was about to be kidnapped by Cheng Hao.

Unwilling to give in, she quickly flashed various methods in her mind, just wanting to escape from his clutches quickly, because the longer it dragged on, the more unfavorable the situation would be for her.

Suddenly, Yang Ning seemed to have thought of something. She calmed down and let Cheng Hao drag her. Her unshackled hand covered her chest and gradually squatted on the ground.

"Pain..." Yang Ning looked uncomfortable, clutching his chest with one hand and gasping for breath, his face was extremely pale for a while.

Cheng Hao turned his head once, seeing Yang Ning's appearance without showing any nervousness, as if it didn't matter if she died here.

He raised his foot and kicked Yang Ning with both feet, and found that she was still squatting on the ground in discomfort, with no intention of moving.

Is it really a stomachache?

Cheng Hao had doubts in his heart, but was forced to ask questions by the scene in front of him. He simply squatted down and lowered his head to see if Yang Ning was really in pain.

However, just as he bowed his head, Yang Ning had already prepared his iron head skills.

She slammed into Cheng Hao's head violently, her wrinkled eyes like a wolf, fierce and predatory.

"what!"

This slam was too sudden. Although Cheng Hao had been prepared in his heart, he didn't know that Yang Ning had hit so hard.

He screamed, and the whole figure was like a thrown iron ball, and he fell back heavily. The pain in his back made his teeth crack, and his mind was like an overturned bucket, and he only felt that the world was spinning.

Yang Ning's forehead hurt, but she didn't dare to stay any longer, she turned around and wanted to run to the corner.

But she thought for a moment, if she ran over now, it would be easy for Cheng Hao to catch up, so she simply let him obediently run here.

She stopped and glanced back with gloomy eyes, realizing that he was about to get up from the ground.

Still want to catch yourself? Yang Ning sneered three times, quickly flashed to Cheng Hao's side, raised his foot and kicked him down, and then immediately made another foot in his key spot.

"Don't... ah!"

Cheng Hao's head was dizzy, and he was just thinking of chasing Yang Ning, but he didn't realize that she was already standing beside him. The word "run" in his mouth hadn't been uttered, but he didn't expect that his key parts would be directly attacked. Flattened.

He howled in pain, all the strength in his body dissipated because of this kick.

"Tell you, don't provoke women at will!"

When Yang Ning saw Cheng Hao rolling on the ground, she couldn't tell how refreshing she felt. She wanted to make a few more kicks, but she was afraid that this man had accomplices.

Anyway, in no hurry to take revenge, she and Cheng Hao came to Japan for a long time.

Thinking of this, Yang Ning left without reluctance, but as soon as she stepped out a few steps, she heard a few coughs coming from Cheng Hao's car.

Could it be that there is someone in there?

Yang Ning was shocked, her shoulders could not help shaking, she became more and more afraid that it was Cheng Hao's accomplice, and quickly fled the scene.

After turning two street corners, Yang Ning hid in a bookstore. She stood at the window and glanced outside for a few times. After confirming that there was no car following her, she breathed a sigh of relief.

Recalling the scene just now, she still had some lingering fears, who was that person in Cheng Hao's car? The weak cough sounded like a woman.

An Tianxiang once said that Cheng Hao is working with his friends now, so the person in the car is most likely Cheng Hao's new employer.
