**NEVER LATE, NEVER AWAY** 

## Chapter: 3369

Tang Qian gritted her teeth and saw Huang Ping's approval of Yang Ning, and the nameless fire in her heart burned even more.

Why is she, Yang Ning, stronger than herself? Deliberately misinterpreting her question, shouting her name, and cursing her to death is simply defiant and extremely arrogant!

Huang Ping couldn't stand Tang Qian's chattering all the time. He had a tense face, and the bored emotion on his face grew stronger.

He looked up, and Tang Qian, who was beautifully dressed, was in his eyes at this moment a mad dog that bit people everywhere. If she didn't kill Yang Ning, she would not let it go.

"Tang Qian, you need to know how to stop when you are a person. If you don't know this, I think the contacts you have accumulated in the entertainment industry for many years will surely be destroyed one day."

This was Huang Ping's heartfelt advice, but in Tang Qian's ears, it was simply to embarrass her on purpose.

She clenched her fists, tensed her shoulders, pointed at Yang Ning in front of her, turned to look at Huang Ping, and sneered: "Director Huang, you don't need to worry about my affairs, I have to tell you, let this woman Acting, your "The Legend of the Concubine" will definitely not be released so easily this time!"

Leaving the harsh words, Tang Qian turned around and wanted to leave, but Yang Ning would not let her go easily. She had to announce the final result of the game to her no matter what.

So she stopped her and said, "Don't Miss Yang listen to the final result of the performance, this is a rare showdown between you and me."

Tang Qian didn't want to know the result at all, because she herself knew very well how these people sitting here would choose, but no matter what, she couldn't make herself admit this fact, so she wouldn't want to listen.

"It's you who violated the rules first, and I won't admit the result of this performance."

Yang Ning looked at her with a determined attitude, and sneered in her heart. Wasn't she very eloquent just now?

She sneered a few times, ignored Tang Qian, turned around and said

loudly to everyone: "Whether Miss Yang admits it or not, the process that should be taken still has to go, and there is another problem that you have always been against it., but everyone sitting here has never objected, so I think the results of this competition should be announced no matter what, what do you think?"

to admit that Yang Ning wanted to use them to kill Tang Qian's arrogance.

Some people don't want to be the knife in Yang Ning's hand, but

Looking at Tang Qian's appearance, everyone knew why she didn't dare

word, it may affect his future career.

Everyone sighed with emotion, it seems that this pair of sisters in the

entertainment industry will occupy half of the world in the future.

Seeing everyone nodding, Yang Ning smiled with satisfaction. She said, "Okay, let's raise your hands to vote. If you think Tang Qian's acting is good, raise your hands."

In the quiet storefront, there was silence for a while, and everyone looked at each other, but no one thought Tang Qian's performance was better than Yang Ning.

"Wow, there's no one there."

Yang Ning said it out loud on purpose, and Tang Qian, who had been facing away from everyone, turned pale at the moment.

The reason why she hasn't left is because she still has a little expectation for the result. If it's just a difference of one or two votes, she can still stand up in front of Yang Ning and scold her for

disrespecting the seniors in the entertainment industry. It's a man, and his intentions are better than her.

However, no one in the audience raised their hands for her, which made Tang Qian a little disbelieving. She turned to look at everyone

present, and the resentment in her eyes almost burned through them.

Everyone was so frightened by Tang Qian's gaze that they drank tea

with their eyes lowered, and didn't dare to look at her at all.

All the actors who came to the scene were well-known actors.

Although Tang Qian was almost out of breath now, her popularity was

still very high back then.
