

Chapter: 3375

“I didn’t expect to see Mr. An.” The director stepped forward and greeted him with a rather cramped expression.

He did not participate in the recording of the second issue. He heard from the photographer and the producer that Yang Ning appeared with such a character, and he regretted letting her participate in the show even more in his heart.

What if he made An Tianxiang unhappy, he originally planned to stop filming after the second phase, but the praise of the second phase far exceeded the first phase, which caused a small upsurge on the Internet.

This time, it was difficult for him to ride a tiger. On the one hand, he was asked by the investor to continue filming. On the other hand, he was afraid that An Tianxiang would catch the pigtail and affect his career. Now, when he saw him, he became even more anxious.

“Don’t worry about me, I’m just here as an investor to see your results.” An Tianxiang stood beside Yang Ning and said such words in a high-sounding manner, and none of the people present believed it at all.

Even if they didn’t believe it, everyone couldn’t show it. They smiled and nodded in agreement, and boarded the plane together.

A few hours later, everyone finally arrived in Yunnan. Yang Ning didn’t speak much along the way, and the drowsiness of the cold still made her feel unwell.

Strange to say, An Tianxiang, who was the source of infection, had nothing to do at all. After that day of weakness, he was always alive and well.

After exiting the airport, there was a bus waiting for everyone, and after a few hours, they arrived at the final shooting point, a wooden homestay in the suburbs.

At this moment, the sky was completely dark, the stars hung in the sky, and the thin flowing clouds brushed the moon’s white face like a veil.

Yang Ning put her things away, and after finishing the room, she realized that it was getting late. She wanted to sleep very much, but she was so hungry that it was impossible to sleep.

Suddenly, she smelled a scent keenly, and the open space outside the door seemed to be doing something delicious.

He opened the door and was about to rush out when he saw Yang Qingfeng who was about to knock on the door.

After not seeing each other for many days, there seems to be a estrangement between the two, Yang Ning smiled stiffly, and his expression became restrained: “What’s the matter, is there something?”

Yang Qingfeng felt bitter in her heart, and was reluctant to look away. How many times did she have the chance to look at her directly.

He retracted his thoughts, stared at the person in front of him, and tried his best to remain calm: “Well, the director and the others are doing a BBQ below, and they want me to call you and An Tianxiang.”

“That’s it.” Yang Ning smiled and took a deep breath, “I see, I’ll call him, you go down first.”

In the short conversation, Yang Ning had already noticed Yang Qingfeng’s change. She was not the carefree and cheerful young man when the two first met. When he was laughing, he was more like crying.

Yang Ning knew the reason for all this, but she could only pretend she didn’t know. She looked away and planned to pass him and find An Tianxiang.

Yang Qingfeng wanted to stop her from talking, but he had lost his position. He was an ordinary friend and a bystander of their relationship.

However, he also has something to give her now.

“Yang Ning, I have something for you.”

Yang Ning, who was already approaching the entrance of the open-air stairs, paused in her footsteps and turned around suspiciously, not knowing what Yang Qingfeng wanted to give her.

“what?”

Yang Ning didn’t understand, watching Yang Qingfeng walking step by step with the yellow light in the corridor, it was true that she hadn’t looked at him for a long time, the light poured from the top of his head to the whole body, Yang Ning noticed that he had already so skinny.

“it is this.”

Yang Qingfeng took out an envelope from his arms and handed it to Yang Ning. His eyes were bright and dazzling, like a special gem.

Looking at the envelope in front of her, Yang Ning didn’t know whether she should take it or not. After hesitating for a while, she still took it.

“What’s in here?”

The envelope was very thin, and there didn’t seem to be anything in it. Yang Ning lifted it up to see through the light and saw something like a piece of paper inside.
