

Chapter: 3377

Yang Ning went downstairs first, rubbed his stomach, and seemed to be a little hungry.

But as soon as I walked into the dining table and saw the prepared breakfast, I felt nauseated again. I hurried to the toilet and retched, almost not pouring out my appetite.

At this time, An Tianxiang also washed up and came downstairs. He didn't see Yang Ning, but heard someone retching, so he went to the toilet and saw Yang Ning lying on the sink, looking pale.

“What's the matter, let me see?” An Tianxiang asked hastily.

“I...” Yang Ning retched again, unable to answer at all.

An Tianxiang said nothing, picked up Yang Ning, and rushed to the hospital. Yang Ning continued to retching along the way, An Tianxiang could only open the car window so that Yang Ning could breathe fresh air without being so uncomfortable.

When you arrive at the hospital, contact the director immediately to arrange an examination.

An Tianxiang waited anxiously by the side, holding Yang Ning with both hands, which gave Yang Ning a great sense of security.

Yang Ning looked at An Tianxiang's anxious and nervous appearance, and was very moved in his heart. No one cared about his own life and death since he was a child. He never knew what it was like to be held in the palm of his hand. After being reborn, he was able to meet An Tianxiang. So caring in every possible way, he suddenly burst out laughing.

“How can you still laugh, lie down.” An Tianxiang ordered.

After the dean completed a series of inspections, he didn't say anything and looked at An Tianxiang.

“There's nothing wrong with this young lady, but...” The dean didn't know the relationship between An Tianxiang and Yang Ning, so he couldn't directly tell the results of the diagnosis.

“President, if you have something to say, you can say it directly, there are no outsiders here, no matter what the consequences are, we can bear it.” An Tianxiang said steadily, and clenched Yang Ning's hand.

Yang Ning was also a little nervous when she saw the dean's speech, but the temperature of An Tianxiang's palm gave her a great sense of security.

“Mr. An, in fact, there is no major problem with this young lady. She is just a little nervous. Just relax and rest. This young lady is actually pregnant.” The dean said it without hesitation.

“What?” An Tianxiang and Yang Ning were surprised in unison, how could they be pregnant.

“Dean, did you make a mistake in the diagnosis?” Yang Ning immediately asked.

“This lady, based on my experience, I can't be wrong. The inspection report will come out in a while. You can check again. I have other patients who need to be treated. Let's go first.” The director left after saying that.

Yang Ning was stunned after hearing this, how could she be pregnant, so this child is not...

Yang Ning also didn't dare to look at An Tianxiang, didn't dare to think further, would this child An Tianxiang accept it? Are your children born without a father? Yang Ning's heart suddenly fell to the bottom.

An Tianxiang, looking at Yang Ning's ever-changing expression, immediately understood. So he raised Yang Ning's face with both hands and looked at each other.

“What are you afraid of, am I, An Tianxiang, that kind of irresponsible person?” An Tianxiang was obviously a little angry.

Before An Tianxiang could continue speaking, Yang Ning lowered her head, she really couldn't believe it, no matter what kind of person Tianxiang was.

“When you are born, this is our child. No matter what happens, I will protect you and the child.” An Tianxiang said seriously and firmly.

Yang Ning thought deeply. If An Tianxiang knew his true identity and knew that he had deceived him, Yang Ning would not dare to imagine the consequences. In the past, Yang Ning was really not afraid. Now, everything is different. I have a weakness, everything is different, I can no longer act recklessly for the sake of my children, and I am no longer a wolf.

“This is Yang Ning's test order, please keep it.” When Yang Ning was still in deep thought, the head nurse brought the test order, and everything became clearer.

Yang Ning looked at the test sheet, wondering what to do.

An Tianxiang took the test sheet and said, “Okay, very good, we have a child.” An Tianxiang looked at Yang Ning and said with certainty.
