

Chapter: 3378

“Yang Ning, no matter what happens, remember that I will always be the umbrella for you and your children. You don’t have to worry about everything else. The most important thing now is you and your children.”

Saying that, An Tianxiang kissed Yang Ning’s forehead. Yang Ning snuggled into An Tianxiang’s arms like a reassurance pill.

Yang Ning thought to himself, everything just happened, since An Tianxiang said so and promised himself, even if something happens in the future, today’s scene is enough.

At this time, the nurse came in and said, “Miss Yang, you just got pregnant, and the reaction is a little big during pregnancy. Although this is a common phenomenon, every pregnant woman will have different degrees of reaction, but for the sake of safety, you need to do a comprehensive examination. , ask your husband to accompany you.”

Hearing the word “husband”, Yang Ning was stunned, and turned to look at An Tianxiang. Unexpectedly, An Tianxiang accepted the title happily, and the corner of his mouth kept rising.

“Wife, I’ll take you to check it out.” An Tianxiang said naturally following the nurse’s mouth.

Yang Ning also listened happily.

After all the inspections, the doctor said that there is nothing serious, as long as you pay attention to rest and daily nutrition, you don’t need to be hospitalized, and the pregnant woman can keep a good mood. So An Tianxiang took Yang Ning out of the hospital.

After returning home, An Tianxiang immediately arranged for someone to decorate the room, making the home suitable for pregnant women, putting away all the dangerous decorations, wrapping up the corners of the table, and covering the floor with carpets. When An Tianxiang was busy, Yang Ning really felt at ease.

Yang Yue and Cheng Hao should all go with their own revenge plan. Yang Ning doesn’t want to care about the grudges and grievances of the previous life. It’s all because of the baby in his womb. Yang Ning doesn’t want to take this with resentment and hatred. When a child is born, what the child needs is a warm and peaceful harbor. I hope that what I lost since I was a child will not happen to the next generation. I hope that my baby will grow up healthy and have a happy childhood. All these are the most important. of.

Because with hatred, he will not be happy.

After An Tianxiang arranged the home, he immediately prepared a nutritious meal suitable for pregnant women for Yang Ning. He carefully helped Yang Ning to the edge of the dining table and fed Yang Ning one bite at a time.

“I’ll come by myself, it’s not so exaggerated, can’t I eat my own meals?” Yang Ningjiao said angrily, her eyes full of smiles.

“I just want to take good care of you, and I want the best for you.” An Tianxiang said dotingly.

“At present, I have asked the lawyer to arrange the work contract in your hand. All the work will be put down first. Your only task at the moment is to raise the baby with peace of mind. You can leave the rest to me.” An Tianxiang said.

“Okay, everything is up to you.” Yang Ning said with peace of mind.

In fact, Yang Ning was a little worried about whether Cheng Hao would be born out of nothing. Although he started to suspend work now, he was not sure that Cheng Hao would not give up and want to harm him. So, Yang Ning made a request to An Tianxiang.

“Tianxiang, let’s leave this city. There are too many people who know me here, and it’s not very convenient to travel. It’s not good for my children to be bored at home all day long. Tianxiang, let’s go to a place where no one knows us.” Yang Ning Yi’s instant noodles are in this consideration, and on the other hand, he is worried that someone will harm him secretly, whether it is Yang Yue, Cheng Hao, or someone else in Mingli, leaving is the best way and the fastest solution.

“Okay, it just so happens that I have an industry in Sweden, and I also have business dealings there. In particular, Sweden has good welfare and good medical conditions, so it is especially suitable for immigration.” An Tianxiang agreed without hesitation. The child in the belly is held in the palm of the hand.

Yang Ning felt that he had fallen into the honey pot, so suddenly and so happy.

At present, Yang Ning’s baby fetus is very stable and can be used for long-distance planes. After An Tianxiang has completed all the procedures, he will immigrate to Sweden with Yang Ning.
