

# Chapter: 912

“Well, don’t think too much!” Baishan’s brows curled into a ball, his face was full of bitterness:

“Let’s think about how to deal with the anger of the young master Baichen three days later!”

Finished!

Not only Baishan.

Even the faces of Shen Yumei and Bai Yi were full of worries.

Obviously!

Regarding what Lin Fan said before, Jiangnan Bai’s family was nothing but ants, they didn’t listen to them at all, they just thought that Lin Fan was comforting them, and that was all.

at the same time!

The white house is brightly lit.

In the lobby of Bai’s house, there are tables of banquets, pushing cups and changing cups, cheering and laughing.

In particular, almost all the senior leaders of the Bai family, intentionally or unintentionally, looked at a young man in the main seat one after another, and their eyes flashed with deep awe and deference.

Because this young man is a direct descendant of the Bai clan in Jiangnan—Bai Chen.

“Hahaha...Master Bai Chen, on behalf of our Jiangshi Bai family, I welcome your arrival!” Old Madam Bai said to Bai Chen with a thick enthusiastic smile on his face.

Although his age and seniority are much older than Bai Chen.

But there is a difference between primary and secondary, Bai Chen is the primary family member, and he is only a sideline.

In terms of status, it can’t be compared with Bai Chen.

Not only him!

The uncle Bai Hai, the second master Baichuan, and the young master Bai Yifan and others also raised their glasses and said to Bai Chen:

“Hahaha...When the young master Bai Chen came, I only felt that our Bai family was splendid! ”

Yes, young talents like Young Master Bai Chen will definitely be able to lead the Jiangnan Bai family and become more prosperous in the future!”

“Come on, Master Bai Chen, I toast you a cup!”

“...”

Flattery, one after another.

Almost every Bai family has shown the most respectful side to Bai Chen.

Feeling the enthusiasm of everyone, Bai Chen couldn’t help but curl up slightly, and his heart was extremely proud.

This is the status of the hidden giants.

Even if he is only a direct descendant, he is beautiful outside, and he can definitely suppress the existence of any big brother in the south of the Yangtze River.

”

Everyone, do it !” Bai Chen didn’t mean to stand up at all, just picked up the wine glass, gestured to the crowd, and drank it.

See this scene.

The expressions of the crowd were a bit embarrassing, but they all drank one after another.

Until everyone is seated again.

The old lady Bai said:

“Master Bai Chen, don’t you know how well your mistress is?”

Mistress!

It is the controller of the Jiangnan Bai family.

It is also one of the most lofty in Jiangnan Province.

Heard this.

Bai Chen shook his head, and then said:

“Mother is sick recently! The reason why I came to Jiang City this time to include your Bai family and Xin Bai family in Jiangnan Bai family’s property is just one of them!”

“Second. , Just to find the genius doctor Zhang! Ask him to go and help the mistress of the disease! “The genius doctor Zhang?”

Hearing this word, the eyes of everyone around suddenly brightened.

“Master Bai Chen said Zhang Tianyi, but Zhang Tianyi?” Bai Yifan asked curiously.

When he saw it, Bai Chen nodded.

Bai Yifan said with excitement:

“Master Bai Chen, I recently heard a piece of news about Doctor Zhang!”
